Aizawa's Chaos Twins

by TatumNixx

Summary

Izuku and Hitoshi Aizawa are the twin sons of Shouta and Hizashi. The two originally started in Gen-ED at another hero school before getting into the Hero Course during their first year after the sports day festival. They had planned to go to UA, but they wasn't accepted into the Hero Course and refused a recommendation from their dads. Fast forward to Third year the two are finally able to move back home and go to UA after two spots become available. Now, Aizawa has two deal with 20 kids two of which are his chaotic twin sons who seem to have caught the attention of two obnoxiously loud blondes.

Notes

Shout out to the awesome @DabiandHawkswifey for hyping up the idea of our Chaos Twins & their future loud boyfriends!

I will be explaining Izuku's quirks and appearance in the story when we meet him. Hitoshi will still lok the same and still have his original quirk.

Updates for this story will be a little slow at first. I'm really focused on

Stitch Me Up

currently since we don't have much more to go before the end. It's also a BKDK fic with ShinKami

See the end of the work for more notes

Meeting the Chaos Duo

Shouta Aizawa was so fucking done with this year, and it was only the second week. Mineta was finally expelled after trying grope a first year and Aoyama's family moved and transferred him to another hero school closer to them. Now, he has to go deal with Nezu on top of his husband bowing up his phone when. When he enters the principal's office he doesn't even notice the other two people in there as he speaks.

"Okay Nezu, what did you need me for? You know my class will have the room destroyed if I don't get in there."

"Well now Eraser, can't even say hi to your two darling boys."

Turning around Aizawa is met with his twin boys dressed in UA uniforms holding slips that say Class 3-A. The two looked identical except Izuku's indigo hair was curlier and kept in a messy bun during school hours, his eye color were a lavender shade of purple and he had freckles. Both boys hand him their slips with mischievous smirks Hitoshi being the one to speak up first.

"Think your class can handle two more of you and pops?"

"Just no loud blondes, got it?"

Izuku rolls his eyes, "Yeah okay dad. Then why'd you marry pops?"

"Nice one Zuku." Hitoshi says snickering at his twin.

Aizawa sighs pinching the bridge of his nose before using his capture scarf to grab the two of them before looking back at Nezu.

"Thanks for getting them transferred Nezu."

"Of course. Good luck boys."

Aizawa walks out dragging the two with him as they snicker. Once they reach the door of Class 3-A he speaks to them while keeping them wrapped up.

"I'm very proud of both of you and I'm glad to be your teacher for your last year as hero's in training."

"Thanks dad." they both say.

Opening the door he tosses them in and follows behind hiding his smirk beneath his capture weapon. Izuku and Hitoshi glare at him while flipping him off causing Iida to speak up.

"Sensei who are they?"

The twins smirk as Hitoshi speaks first,

"I'm Hitoshi Aizawa, yes that's our dad and so is Present Mic, my quirk is-"

Aizawa cuts in "You can show them out on the field since we need to do quirk evaluations now."

Izuku just shrugs, "Names Izuku Aizawa. Soo Dadzawa where's our seats?"

Kaminari breaks out in a laugh, "Holy shit bro, we've been calling him that since first year!"

Aizawa let's out an exaggerated sigh, "Izuku you're behind Bakugou and Hitoshi your behind Ashido. Hold up your hands."

The two take their seats as their dad go over the training schedule for the day before sending them off to the locker room to change in their hero costume. Izuku had just upgraded his costume using Black tank top with mesh sleeves and tight black cargo pants that he had Hatsume used reinforced quirk fabric to help with resistance to most temperature-based quirks and he finally got a new capture weapon like his twin and dad. He wore fingerless gloves and a mask hanging around his neck. As everyone leaves reaches the fields the twins stand off to the side near Bakugou and Kaminari. The yellow haired male notices them first and grins.

"I didn't get a chance to introduce myself earlier, but I'm Denki Kaminari and this angry boy behind me is my best friend Katsuki Bakugou."

The two nod as Aizawa explains the quirk evaluations and turns looking at the four.

"Bakugou you're up first."

"Tch, whatever."

The explosive boy walks to the circle taking the ball as he goes to throw he sets off a loud explosion sending it sailing.

"Not bad. You out did your evaluation from last year. 1280. Kirishima go."

The twins watch as Bakugou walks back to stand by Kaminari. Hitoshi smirks as the electric boy sneaks a glance at him getting caught he looks away blushing and feels Izuku nudge him.

"Oh, is Hito going to get a boyfriend?"

"Heh doubt it Zuku. Neither of us have ever been lucky in that department especially not with how we got treated in that hell hole we just came from."

Izuku nods looking down whispering softly so only Hitoshi can hear him,

"Do you think things will be better, now?"

Reaching over Hitoshi tugs his hair gently.

"I'm hoping so. I mean we got dad and pops here now. Try to stay out of your head I know that's hard, but I also know you hate having panic attacks in public."

Izuku nods and watches as Kaminari goes next to do the ball throw and gets 1050 before making his way back. Hitoshi smirks whispering to the electric boy,

"Nice throw Kami."

"O-oh uh thanks man. I normally over do it but Bakubro has been nice enough to help me out!"

The four continue to watch everyone when Hitoshi called up and he grins looking at his dad,

"We can't leave the circle right?"

"That's what I said Hitoshi."

Turning he meets Izuku's gaze who in turn rolls his eyes as his twin calls out,

"You with the pink cheeks what's your name again?"

"Ochako-"

"Come throw the ball using your quirk."

After she throws his ball getting an infinity he taps her shoulder.

"Sorry bout that it was my quirk. I can brainwash people as long as they verbally respond to me."

When nobody gets mad or calls him a villain he goes to rejoin his twin when Kaminari speaks to him smiling.

"Your quirk is so cool Hitoshi!"

Hiding his blush with his mask he looks away,

"Thanks Kaminari."

It was finally Izuku's turn and he let out a deep breath making his way to the circle. You see while Izuku and Hitoshi were twins they had very different quirks, while Hiotshi's quirk was Brainwash and was voice activated, Izuku's quirk was a lot like his dad's except instead of erasing quirks he could erase someone's voice, sight, or hearing sometimes all three he just had to make eye contact with his quirk activated and he could still fight or look away, but he couldn't blink. The drawbacks is he would get debilitating migraines and dry eyes like his dad.

He looks from his dad to his classmates with a smirk, "Don't suppose you guys could just turn around for a few seconds?"

Shockingly they all did except for Bakugou he just watched him with an eyebrow raised and Izuku motions for him to come to the circle and whispers,

"Mind throwing this for me? I'm going to test out my quirk with them."

"Tch I fuckin guess, but you better explain it later."

"I will."

As Bakugou takes the ball from Aizawa the rest of the class finally turns around and Izuku activates his own quirk focusing on making most of them lose their sight and hearing as the ball is launched. When he blinks releasing the quirk a lot of them are looking around confused from losing the two senses and the ones unaffected ask if their okay. Aizawa reads out how far the throw was,

"1279 good job Izuku."

Iida calls out, "But sensei Bakugou threw the ball for him! We understood Hitoshi used his quirk on Ochako, but we didn't hear or see Izuku use a quirk!"

Kaminari is the one to raise his hand, "Uh I didn't hear or see anything until Sensei called out how far the ball went."

Aizawa sighs pinching the bridge of his nose, "Listen up, how many of you didn't see or hear anything?"

Most of the class except for Tsuyu, Iida, Hitoshi, Jirou, Tokoyami, Shoji, and Sero.

"Six out of eighteen people in the class not bad Problem Child. Just make sure you don't overdo it."

Izuku nods as he tilts his head back putting in his eye drops, but he already knows he's going to get a migraine just from the low throbbing in his head.

"Sorry if that freaked you guys out. My quirk is Erased Senses as long as I don't blink after activating my quirk someone can lose their sight, hearing, or voice. I can do two or all three at once, but today was the first time I've used it on more than one person."

Kirishima grins pounding his fists together, "Bro that's so manly! You didn't even know if it would work, but still tried it out."

"Alright onto the next part this is an evaluation not play time."

As the class moves to the next part Bakugou walks next to Izuku silently, "Thanks for throwing the ball by the way. You could have just watched me throw a measly two hundred or something, but you didn't"

"It's fucking fine or whatever. Just thought it was fucking wild how everyone just turned around."

Izuku shrugs and glances up at him with a smirk, "Who knows? They were probably just curious about their Sensei's secret kids. I mean everyone was excited the moment we introduced ourselves, but it's literally not a big deal."

They finally catch up with the rest of the class and stand near Kaminari, Hitoshi, and Kirishima who instantly walks over to them and grins showing off his sharp teeth.

"Hey man! I didn't get a chance to introduce myself before I'm Kirishima Ejirou. Dude your quirk is really cool and I see you already got to know Bakugou don't worry he may yell a lot, but he's pretty awesome!"

"Shut the fuck up shitty hair! "
Izuku watches the two go back and forth before stealing a glance at his brother to see him talking with Kaminari. Internally he's laughing because it looks like Hitoshi was definitely going to be breaking their dad's rule about loud blondes with how much he seems to be enjoying talking to Kaminari and hiding his own blush under his mask when the electric user compliments him. Izuku is pulled from his thoughts by Kirishima tapping his shoulder.

"Would you and Hitobro want to join us for lunch? We normally eat outside on the first day."

"Uhm who exactly is we?"

"Oh! It would be me, Bakubro, Kamibro, Sero, Jirou, and my girlfriend Mina! Their all pretty chill man."

"I uh guess we can? I mean we didn't really have anything else planned for lunch anyways."

"Sweet! I'll let the other three know then. I gotta go talk to Sero about sparring later so I'll catch you to later!"

Bakugou rolls his eyes as he runs off before glancing down at Izuku and clears his throat, "He was fucking right, you know? Those band of idiots may annoy the hell out of me but their pretty chill to hang out with. Just don't fucking tell them I said that or I'll kick your ass got it?"

Izuku chuckles softly before nodding his head, "No worries Bakugou your secret soft side is safe with me."

The rest of the quirk goes without a hitch and they go back in the locker rooms to change before returning to class. As most of the boys head out Hitoshi grabs Izuku and points up at a vent with a grin.

"You thinking what I'm thinking?"

"Scare the fuck out of our class while also annoying our dad? Oh, Hito this you know I love a good venting."

Hitoshi picks up his smaller brother putting him on his shoulders and stands at full height holding his legs for him to open the vent when a voice causes them to scream,

"What the fuck are you guys doing? Sparky had us wait for you two."

"Ah hot head, you up for scaring the shit out of our class?"

Bakugou let's a feral grin grace his lips before nodding as he opens the door and drags Kaminari inside telling him what was going on. Izuku grins at the two blondes as he finally gets the vent open and pulls himself inside before helping the rest up. After making sure the vent was shut they made their way through the ventilation system trying not to laugh. Kaminari whispers softly.

"Do you guys vent a lot?"

Hitoshi looks back at him with a smirk.

"Wouldn't you like to know weather boy?" this earns a soft snort from both Bakugou and Izuku as Hitoshi continues on.

"Yeah me and Zuku have always been what our dad likes to call vent gremlins or chaos duo."

"Don't forget problem children Hito."

"That too. Anyways we hated our old hero school so we'd always end up in the vents or some shit. Did the same at home too just to fuck with our dads and little sister, Eri, who thinks it's funny. "

"That's pretty cool, dude. I'm sorry your last school sucked."

"It's fine. Now shh we're close to the classroom."

They go for a few more minutes when Izuku holds up his hand for them to stop and they all move around the vent looking own into their class listening in as Aizawa groans.

"Has anyone seen Kaminari, Bakugou, Hitoshi, or Izuku?"

Kirishima is the only one to answer, "I know Bakugou and Kaminari were waiting for them to walk back from the locker rooms."

Sero, "Yeah they were still there when I left too."

Aizawa groans, "I don't get paid enough for this."

Meanwhile the four boys cover their mouths to keep from snickering as the rest of the class start trying to figure out where they are. Izuku looks to the rest of them with a smirk.

"Ready?"

They all nod and he opens the vent shoving Kaminari out making the class collectively scream before shoving out Hitoshi.

"Vent Gremlin, Kaminari glad you both could join us. Now where's Bakugou and the other Gremlin?"

Hitoshi helps Kaminari up and shrugs before taking his seat watching as a few class mates question Kaminari who refuses to give up the location of the other two. A few moments later Bakugou is shoved out of the vent landing on his ass.

"Fuck gotta be better with the landing."

"Bakugou. I assume you know where the other Vent Gremlin is."

He of course smirks rolling his eyes, "Fuck-"

"Laguage! Iida cuts in.

"Fucking Japanese Glasses! Tch, nah Sensei I haven't seen him."

Taking his seat he sneaks a glance up to see Izuku covering his mouth from holding in his laughter. Looking away he focuses on ignoring the extras surrounding his desk trying to ask him why he came in through the vents. Once everyone calmed down Aizawa sighed and moved to go close the vent when Izuku jumps out landing on top of him with a shit eating grin.

"Sup Dadzawa?"

Aizawa glares up at his son sitting on him and mumbles quietly for him to hear, "Fucking little vent gremlin."

Izuku snickers getting up before helping up his dad his grin now replaced with a tired smirk.

"Get in your seat Vent Gremlin."

The rest of the class continues as normal when the bell chimes for them all to head to lunch. Hitoshi an Izuku walk out last carrying their bentos and see the two blondes. Kaminari grins as he hands Bakugou his bento before grabbing their wrists and starts walking outside.

"C'mon the rest of the squad is outside already!"

"Slow the hell down Sparky and let them go they can fucking walk without you pulling them."

When they finally reach a big tree outside they notice Kirishima right away who has his arm around the pink alien girl from class, next to them is a tall bouy with black hair and a girl with dark purple hair. As they take their seats Izuku is between Bakugou and Hitoshi that is also sitting by Kaminari.

"Guys this is the squad!"

"Sup dudes I'm Sero Hanta."

"I'm Ashido Mina, but feel free to call me Mina!"

"I'm Jirou Kyoka."

"I introduced myself to Izubro earlier, but I'm Kirishima Eijirou!"

The twins just nod as they begin eating and watch how the group goof around eating. They seem pretty cool, but after being pretty much isolated at their old school they wasn't going to let their guard down completely just yet.

"Zuku how the hell are you eating that spicy stuff? "

"It's fucking good that's how Hito! I can't help I'm the only one in our family that likes it."

Kaminari leans forward to look at him grinning, "If you love spicy stuff you'll love Bakubro's stuff! My best bro makes some mad spicy foods, but they burn the shit out of my tongue."

"Tch no you're just a fucking loser who has no good taste. Besides I doubt sleepy head hear could even fucking handle it."

Izuku looks over at him then with a playful look in his lavender eyes, "Oh yea? Bet I fucking can.1'

"Prove it. I used fucking ghost pepper in this curry I'm eating."

Using his chopsticks he takes Bakugou's bento and takes a huge bite while the rest of them watched with wide eyes as he chewed and swallowed not even breaking a sweat.

"This is fucking amazing. You gotta fucking make me some sometime."

The explosive blonde hides the shock on his face and takes his bento back with a small smirk, "At least someone fucking has good taste."

"Holy shit bro you gotta be magic or some shit!" Sero exclaims after getting over the initial shock.

"Nobody ever eats Blasty's bentos and not need a ton of water after." Jirou pipes in.

Shrugging he goes back to eating his own food when he hears Mina giggling and pointing behind him.

"Bakubabes Ochako is staring at you again."

"I told you Pinky. I'm not fucking interested in her."

"Aw c'mon you might actually like her if you take a chance!"

Ignoring the rest of their conversation Izuku finishes eating and sighs sitting back enjoying the breeze while everyone else talks. He wasn't sure what to expect from here on out, but

Hitoshi and him both agreed before arriving they was hopeful things would be better than the last two years.

I think they just became best friends.

The rest of the day went fairly smooth. Present Mic of course had to tease his sons when they first arrived in his class and Midnight told them she was glad to have her adoptive nephews close again instead of miles away. As the last bell rung both Hitoshi and Izuku groaned when their dad spoke up on their way out.

"Your boxes have been delivered to your rooms in the dorms. Also, tomorrow night we can all have dinner I know Eri was glad to hear you two were officially transferred here."

The two nod before heading out of the class where Kaminari and Bakugou waited for them yet again. Hitoshi smirked as they got closer nudging the yellow haired male,

"You know you two don't gotta wait for us, Kami."

"I-I uhm, I know we don't, but you two let us join in on your prank and seem really cool! We want to get know you guys."

"Tch, calm the fuck down Sparky. Did you fucking here us complain about waiting Eyebags?"

"No we just don't expect it from anyone."

"Well better fucking get use to it with him."

They just nod and head out with Kaminari talking to Hitoshi about the class wanting to have a game night while Izuku just walks quietly next to Bakugou. When they reach the dorms Izuku's officially got a headache that is slowly becoming a migraine he nudges Bakugou to get his attention speaking softly due to the pain in his head,

"Please don't yell, but can you let Hitoshi know I went to set up my dorm so I can take my meds."

Bakugou nods and shocks him when he speaks in a soft husky voice, "I got eyebags fucking covered and I'll keep the damn extras down here. You good to even unpack?"

"Hnng..Just a headache but I can tell it's getting worse I'll be okay."

Izuku goes upstairs not answering to anyone who's calling out to him until Iida stops him talking loudly.

"Izuku! As class president it is my duty to offer any help-"

Izuku looks at him and activates his quirk erasing his voice and continues walking not blinking until he's inside the elevator. Hitoshi watches him go up hearing Iida

"That was not hero like at all! He just used his quirk on me and I was only trying to help."

Hitoshi walks over after hearing him, "I know my brother better than you do and the only reason he would ever erase someone's voice without saying shit like that is when he's starting to get a migraine and no it's not some measly one we all might get time to time his makes it to where the slightest noise or light causes him to feel nauseous and sometimes it's so bad I've seen him black out from over training. So don't sit here calling him unhero like when you were practically yelling in his face."

Hitoshi walked off toward the elevator when he hears Kaminari call out, "Hey Toshi wait up!! "

He holds the elevator for not only Kaminari to enter but Bakugou too who was holding four water bottles. He hands one to Kaminari then Hitoshi.

"Fucking knew the idiot wasn't okay when he kept flinching in Present Mics class. I was trying to to come tell you he was headed up with a headache, but you two got strung into a group of extras so I grabbed water. "

"I'm sure Zuku will appreciate the water. He's smart, but my idiot of a twin tends to try and hide when he's in pain. Mainly because of our fucking old school, but normally he's good about not letting a migraine creep up on him."

"Bro it's gotta suck if he gets them as bad as you were telling the class pres. We can help you guys set up your rooms if you want? Sato and Ojiro is in charge of dinner tonight and then it's game night."

Hitoshi nods as they reach the fourth floor. He and Izuku were next to each other Bakugou's room was on the other side of Hitoshis' and Kaminari's was next to Izukus'. They walk straight to Izuku's door and Hitoshi quietly opens it and notes that it's dark and quiet they go in quietly as Hitoshi whispers,

"Zuku did you finish unpacking yet?"

"No..Hurts Hito. I can't find my damn meds."

"Bakugou got you some water. I'll go call dad."

"M'kay m'sorry. "

"Don't Zuku. You tried to keep it from getting this bad. I'll be back."

Hitoshi steps out as Bakugou carefully makes his way to the bed putting the water bottle against his temple.

"My old man gets migraines I know it ain't the same but I know cold stuff helps or some shit. Me and Sparky are gonna help Eyebags unpack then we'll help your ass too."

Izuku nods taking the water and sits up to drink it before laying back down.

"Thanks. I'll be fine once I take my meds."

A few moments later Hitoshi walks back in, "Dad's on his way with your meds. Apparently, our old school called the nurse there never sent them to be put in with your stuff. So he's bringing the new bottle."

"Thanks Hito."

The three leave to go next door in Hitoshi's room and helps him unpack and set things up. Hitoshi had a lot of band posters most of which the blondes recognized, and he had two photos on his desk one of him and Izuku and the other of them with their family along with a Nintendo switch. He had a ton of manga in his book shelves that Kaminari said he would be reading later. He strung up a few led lights above his bed and then set up his a with a gaming console. They were playing Mario Kart on his tv when a light knock sounded on his door.

"Come in."

Izuku shuffles in already changed into some shorts and a hoodie that swallowed him an his hair was down and a curly mess of waves reaching his shoulders.

"Izuku, you feeling better bro?"

He merely nods and takes a seat by his twin leaning on his shoulder as the other two just watched him amused.

"Don't worry he gets like this after taking his medicine he naps and wakes up only to go find me, dad, or pops to lean or cuddle into."

"Shh Hito..Pillows don't talk about my secret cuddles."

Kaminari grins, "I think its cute! You're like a cat actually both of you are."

"Ready to set up your fucking room before we eat?"

"I guesso."

They turn off the game and make their way next door into Izuku's room and helps him set up. Hitoshi holds him on his shoulders as he puts up his own lights around his bed while Bakugou and Kaminari hung up his posters most were the same bands as the ones on Hitoshi's wall. As he was putting his photos of him and Hitoshi on his desk along with the one of their family next to his Nintendo switch Bakugou taps his shoulder.

"Yeah?"

Kaminari and Hitoshi are busy setting up his tv and console when the blonde in front of him holds up a certain Shojo Manga with the two boys on the cover causing him to blush. Bakugou smirks as he whispers.

"Don't fucking freak out. I read them too, but if you want I have the one after this in my room and the newest one for this series on fucking pre-order. You can fucking borrow it."

"I'd really like that Bakugou and, um thanks for not making fun of me for it."

"I aint a fuckin hypocrite Izuku."

The shorter gives him a barely there smile when Kaminari pops up.

"What we whispering about? Oooh he reads the same series as you Kat!"

Hitoshi comes closer noticing the manga.

"You like those too, hot head?"

"So what if I fucking do?"

"Just didn't expect it."

" I think they just became best friends Toshi!"

The two just look at the electric male who was now giggling. Hitoshi just looked between the two and smirked.

"If their best friends we're screwed."

The two flip him off and Izuku taks the manga to put on his shelf as Bakugou helps him put up the rest of the manga still in boxes.

"Holy shit, you liked this series too?!"

He turns to see the blonde holding a copy of Blue Exorcist and grins.

"Yeah! Wait who's your favorite character?!"

"Rin who the fuck else would I fucking pick?"

"Right! He's so fucking awesome! Have you seen the anime?"

"No shit, I got both seasons downloaded on my laptop."

"We are so binge watching that sometime."

Kaminari and Hitoshi watch as the two nerd out. When Hitoshi nudges him whispering.

"Now, I think they just became best friends."

"You think we could too?"

"Who said we wasn't? It's not everyday we meet two guys that enjoy our chaos."

Kaminari blushes lightly with a grin.

"You are now my best friend Hitoshi Aizawa."

"Back at ya Kaminari Denki."

Once all of Izuku's manga is put away on the shelf the four make their way down stairs to join the rest of the class. Iida approaches them speaking in a much calmer voice.

"Izuku I would like to apologize for earlier when I was talking so loudly in your face, and for what I said after you used your quirk. Hitoshi made me realize my mistakes."

Izuku just shrugs tiredly, "It's cool or whatever. Just learn to read people's body language so you don't do it again."

"I will certainly try my best."

Iida returns to his own seat as the four sit in the four empty ones at the end of the table and begin eating. When Mina asks,

"So Izuku, is your hair always curly waves? It’s so pretty when it’s down!

Katsuki glances to where the freckled boy was sitting by him to see him reach up twirling a few of his curls.

“Uh yeah? I mean I can straighten it and stuff, but it’s a pain so I just wear it in a messy bun for school or like this. Granted I plan on wearing it down in my hero costume.”

Ochako has a weird look in her eyes when she looks at him and then puts on a smile as she looks over to Katsuki,

“So Bakugou-kun would you be up for sparring with me tomorrow?”

Katsuki shoots a glare and starts to open his mouth to speak when Izuku beats him to it with a lazy smirk and a glint in his eyes,

“Ochako, right? Sorry but Bakugou already promised we could binge watch Blue Exorcist since we both like the manga.”

She starts to glare, but brightens up like she has an idea.

“We’ll could I join? I love that anime too!”

“Oh really? Who’s your favorite character then?”

Hitoshi snorts, Kaminari is trying his hardest not to laugh, and Katsuki lets a small smirk grace his lips. Holy shit this fuckin nerd was something else.

Ochako tilts her head with a smile like she’s won the argument between them.

“Oh that’s easy! Kirito!”

At that answer Kaminari completely loses it and Hitoshi is right there beside him laughing until he wheezes and Bakugou having just took a sip of his drink promptly chokes on a snort and Izuku just shakes his head.

“While I do applaud you for picking a great character. Kirito is the main character from Sword Art Online and while it’s an amazing anime it’s not the one Bakugou and I will be watching. Nice try though.”

Everyone else is trying their hardest to keep their faces neutral as the girl’s face reddens and she scoffs rolling her eyes.

"Whatever. I doubt he even likes your stupid anime. He's probably trying to be nice since Kaminari hit it off with your brother."

"Oi-"

Izuku holds his hand up to stop Bakugou from talking, while he appreciates whatever the explosive blonde had to say he could handle this.

"Now that was just blasphemous Ochako. Blue Exorcist is fucking epic and uh not to burst your ego, but while Hito and Kami are "hitting it off" I'm pretty fuckin sure I can be chill with Bakugou and it have not a thing to do with him being best friends with Kami. Honey, I'm gay I don't make a habit of going after straight guys not that I'm assuming or anything."

Kaminari is all out wheezing at this point with Hitoshi and Bakugou has to turn his face away to hide a light blush on his face. Because holy fuck why was that so fucking hot?! He knows he's gay as fuck and so does Kaminari since he's the only person he's ever came out to besides his parents thanks to his therapist for helping him work through a lot of his emotional constipation plus, he kind of figure it out in his pre-teens when he realized he just didn't understand how boys liked girls.

At this point Ochako just huffs looking away to talk to Tsu and Sero speaks up.

"Fucking finally another gay amongst us!! Me and Roki thought it was only us!"

"Bro I'm Bisexual leaning more towards men and you know it!!" Kaminari exclaims after calming down.

Izuku steals a glance at Hitoshi after hearing that to see his twin staring at the yellow haired male before looking away clearing his throat.

"I mean I'm gay so there's now five of us."

Jirou holds up her's and Momo's hands with a smirk.

"As you can see we're lesbians since we're just all screaming our sexualities an I am here for it."

All of the class was very supportive about the whole thing, but Kaminari noticed Bakugou just staring at his food with his signature scowl. He knew his best bro had been thinking of coming out to everyone since first year when he first came out to Kaminari and his parents, but hell Kaminari didn't even come out until the beginning of second year and that was after watching Sero and Todoroki get together not long after Jirou and Momo. Everyone's got the right to come out when their ready and he'd support his best friend no matter when he decided to finally come out.

"You guys still down for a game night?" Kirishima asked as everyone started to clean up their empty plates.

Izuku just shrugged along with Hitoshi as a few of the class went to their own dorms to do their own thing everyone else sat in a circle. Starting from Bakugou's left it was Izuku, Hitoshi, Kaminari, Sero, Todoroki, Kirishima, Mina, Jirou, Momo, Tsu, Tokoyami, Ochako, and surprisingly Iida. Mina put an empty bottle in the middle with a grin.

"Tonight's game of choice is truth or dare! Izuku you can start us off since you're new."

Izuku reached out spinning the bottle and watched as it stopped to land on Bakugou.

"Truth or Dare Bakugou?"

"Tch, dare short stack."

"First off fuck you I can't help I'm closer to hell being short. Second, I dare you to silently do the macarena with a serious face."

Bakugou glares at him and gets up doing the dare while most of them video it laughing and when he sits back down he looks straight at Izuku as he spins the bottle.

"I'll fucking get you back for that."

"Looking forward to it."

The bottle finally stops landing on Kaminari making the blonde smirk.

"Truth or dare Sparky?"

"Duh bro, I'm totally picking dare!"

"I dare you to hold Hitoshi's hand until the end of the next persons turn."

Kaminari blushes shooting a look at him before holding his hand out biting his lip when Hitoshi takes it not looking at him but there's a faint blush on his cheeks that Kaminari is glad that only he can see it. He knows they just met, okay? But Hitoshi just made him feel all kinds of happy. He spins the bottle landing on Tsu.

"Truth or dare Tsu?"

"Truth."

"Do you believe in actual aliens?"

"No."

Kaminari slowly lets go of Hitoshi's hand missing the contact as his hand lays empty by him and Tsu spins the bottle landing on Mina.

"Truth or dare Mina?"

"Dare please!"

"I dare you to do the worm."

After she does her dare which did get recorded by Kirishima and the girls she spins the bottle landing on Iida.

"Truth or dare class prez?"

"Truth."

"Is it true you have a crush on someone in this class?"

Blushing a bit he nods and spins the bottle ignoring Mina squealing. The bottle finally stop on Tokoyami.

"Truth or dare?"

"Dare."

"I dare you to sing a part from a Doja Cat song."

"This is why I stay in the darkness."

"Toko don't act like you don't secretly have a playlist for Dark Shadow with some of her songs thanks to me." Tsu says with a sly smile.

"Fiiine."

After he sings apart from "Kiss Me More" he spins the bottle landing on Todoroki.

"Truth or Dare?"

"Uh truth?"

"Is it true you stole your father's credit card just to go buy a ton of his merch to burn for a bon fire?"

"Yes and I'll do it again."

Todoroki spins landing on Jirou.

"Truth or dare Jirou?"

"Hit me with your best dare Roki."

"Uh I dare you to let Momo send a message to a random person in your phone."

Shrugging she hands her phone to her girlfriend and few seconds later Kaminari's phone pings and he opens it to read.

"Hi."

Giggling Momo hands the phone back and Jirou spins landing on Hitoshi.

"Truth or dare?"

"Dare."

"Dare you to serenade anyone in this circle lip syncing any song you like."

Hitoshi snorts and looks over at Izuku asking,

"Still got that one song on your phone?"

"You mean?"

"Yeah that one."

"Yup! Starting it now."

As the music starts Hitoshi stands looking around only to just move right in front of Kaminari lip syncing to "I Wanna Be Your Slave" by Maneskin. Poor Kaminari's face was as red as Kirishima's hair and Izuku made sure to get it on video along with a few pictures as his twin continued. As the song ends Hitoshi takes his spot back spinning the bottle as it stops on Sero.

"Truth or dare?"

"Dare man."

"I dare you to make a diaper out of a bedsheet and wear in over your clothes."

Grinning Sero asks Momo to make him a bed sheet and then proceeds to make a diaper over his clothes. Spinning the bottle it lands on Momo.

"Truth or dare class rep."

"Truth."

"What's the one time you lied for a good reason?"

“I had told Aizawa I didn’t know where our old classmate Mineta was, but in reality I had tied him to the flag pole with Bakugou’s help because he’d been trying to look up mine and Jirou’s skirts.”

“Valid.”

Momo spins and it lands on Ochako.

“Truth or dare?”

“Dare!”

“ I dare you to pick someone and whisper something in their ear that you only want them to know.”

With a sly smile she makes her way to sit in front of Izuku and leans in whispering,

“Even if Bakugou was Bi you’d never have a chance with him. He’s way out of your league Deku. So do me a favor and don’t stand in my way.”

She grins as she moves back to her spot and Izuku just look down at his lap ignoring the concerned looks from Hitoshi and Kaminari and when Bakugou nudges him he shakes his head. The bottle lands on Kaminari again and he chooses dare. When he spins it lands on Izuku.

“Truth or dare Izuku?” He says with a small smile trying to cheer him up.

“Dare Kami dad didn’t raise no bitch.” He replies with what he hopes is a confident smirk, but from the look he gets from both Kaminari and Hitoshi it was a failed attempt.

“Hmm. Toshi help me out here!”

Hitoshi looks at his twin trying to figure out what that girl had said and then leans over whispering in Kaminari’s ear.

“Alrighty Izuku. I dare you to go out on the cosplay you brought that’s hidden deep in your closet and yes the entire cosplay.”

“Fuck you Hito. I’ll be back.”

After about twenty minutes Izuku returns dressed in his full cosplay of Rin from Blue Exorcist. He had made sure to wear the wig, tail, ears, fangs, and contacts. He made his way to the circle and as he got closer he noticed Katsuki was looking straight at him with a blush on his cheeks and he smirked stopping in front of him and squats down saying a line from the anime.

"Life's a bitch, so if it's easy, you're doing it wrong."

Katsuki smirks knowing he’s got a light blush but damn it the nerd looked good. Not missing a beat he just replies with his own line by their shared favorite character.

"You trusted me, so I'll trust you too. That's what being friends means, doesn't it?"

Izuku let’s a small smile grace his lips as he ducks his head blushing and Bakugou reaches out ruffling the wig careful not to mess it up.

“Nice job on the cosplay short stack.”

The whole time everyone is watching them shocked that Bakugou was being nice and even have a compliment! Kaminari had got it all on video from the moment Izuku came back while Hitoshi got pictures. He knew he’d made the right call telling Kaminari the idea. Cosplaying was a secret hobby Izuku picked up as a preteen and anytime he was upset he’d get into a cosplay and just do his thing.

Iida broke the moment clearing his throat.

“Curfew time guys we gotta go to our rooms.”

Ochako tries to get Bakugou’s attention but he’s already walking next to Izuku to the stairs talking as he pokes at the protruding ears making the shorter laugh.

“Stupid Deku.”

Chapter Notes

> I had to toss in a splash of cosplay last chapter. I can't wait for you guys to read this one though!!
>
> Also, Katsuki doesn't call Izuku Deku in this one guys. He's getting a different nickname but we'll still have Kacchan.🧡💚

See the end of the chapter for more notes

The next morning Izuku made sure to take his meds and got dressed going down stairs still half asleep. It was barely time to go so not many people were down stairs. He makes his way to the coffee pot and groans as he makes a small pot of his death wish coffee pouring it in his mug taking a big gulp. He turns to see Kaminari, Hitoshi, and Bakugou watching him amused. While Kirishima just blinked his eyes wide.

"Bro isn't that stuff like super caffeinated?"

Izuku doesn't really answer as he makes his way to Hitoshi handing him his hair tie earning a low chuckle as he drinks and his twin puts up his hair answering Kirishima.

"To answer you Kirishima yes it is, but if he took his meds he needs it to perk him up. Plus Zuku is not good about being fully awake in the mornings."

Kirishima nods as he makes his own coffee blend for him and Mina. The four sit as Izuku finishes his coffee. Bakugou nudges him.

"You better not fucking wait to tell someone if you start getting a headache don't need a migraine when we'll be training most of the day today."

"Yeah yeah."

Hitoshi suddenly pulls Izuku to the kitchen making sure nobody can overhear them.

"Alright spill. What did that Ochako girl say to you last night during truth or dare Zuku?"

Sighing the shorter looks away speaking softly, "She uh she just said that even if Bakugou was Bi he's out of my league and to stay out of her way.."

"Zuku I'll come back to that, but I know she said something else."

"You remember that nickname I got called in middle school and at our old hero school?"

"She called you Deku? What the actual fuck Zuku!!"

Not realizing his voice had risen that loudly the two are interrupted by Kaminari.

"Um I just wanted to make sure you two were okay?"

Izuku groans hiding his face in his hands and Hitoshi just nods and Kaminari grins as he goes back to the table.

"Listen Zuku, first off any guy would be fucking lucky to date you and I am not just saying that as your twin brother. Second, she has no damn claim to the hot head in there so she can get over herself. Last but not least, you're not Deku. You're not worthless or useless. Sure, your quirk was a little late but that doesn't change how great you are at controlling it now. So fuck what she says, okay?"

Izuku just nods as Hitoshi pulls him in for a hug.

"C'mon let's get the two loud blondes and head to class."

As the four head to the classroom early Kaminari hangs in the back with Izuku handing him his phone.

"Here ya go bro just add yours' and Toshi's numbers and ill text you guys plus send Bakubro's number. I know we're all in the class gc, but I thought this way you could be in the squad gc too or uh we can have our own."

Izuku takes it putting his and his twin's numbers in right as they reach the class room door he hands the phone back. Aizawa is in the floor napping since there's still time before class starts. Izuku and Bakugou sit in their desks while Hitoshi and Denki leans against the two beside them.

"Oi short stack, we still on for Blue Exorcist?"

"Yup it'll be after me and Hito go eat with our dads and Eri. She was excited about us being here so we can see her more."

"That's fucking fine. I gotta help Sparky with his math again anyways."

Kaminari grins, "I always appreciate the help bro! I did better on our last test it's just I still get stuck on somethings."

Hitoshi nudges him, "I know those two made plans for an anime binge session, but would you be cool with playing a game or something?"

"You like super chill games, right?"

"I mean I play all kinds, but yeah I like those."

"Stardew Valley sound okay? I got it on my switch we could add each other and make a farm."

Hitoshi gives him a small smirk, "Sounds like a plan to me Kami."

Blushing lightly Kaminari nods as more people start coming in. Hitoshi and Kaminari move to their desks stealing glances at each other and if you asked Kaminari if his heart felt as if it was racing he'd gladly tell you, yes, and it was all because the purple haired boy across from him. Mean while Bakugou was trying to get Izuku to tell him what Ochako had said the night before but the freckled boy kept telling him he was okay and not to worry about it.

"Tch, fucking fine I'll drop it for now."

"Drop what for now?" Ochako asked as she walked toward the two since her desk was on the row beside theirs.

"None of your damn business Pink Cheeks."

"Well, Bakugou-kun do you have time to spar with me today? I can make us some snacks for after."

"Didn't you hear the damn nerd yesterday? We're fucking watching Blue Exorcist plus I have to help fucking Sparky with math today."

"I could always help!"

"Nah you'd just fucking confuse him. So no you can't fucking join."

"Oh, well maybe tomorrow we can spar then."

Before Bakugou could reply Aizawa is up and starting class announcements. Most of the day went fairly easy when lunch hit the twins were again walking with the two blondes when Hitoshi points out.

"Uh Zuku, where the hell is your bento?"

"Shit. I knew I forgot something this morning and I really don't want to wait in that damn line for Lunch Rush."

"Tch, guess you better be glad I'm not fucking blind nerd. Here."

Bakugou hands him the second bento was carrying as they reach the table with Hitoshi since Kaminari wanted something from Lunch Rush instead.

Izuku takes it sitting down, "You didn't have to make me food."

"Oi, Idon't do shit unless I fucking want too, got it? 'Sides we can't have you fucking starving and it's only some spicy chicken and onigiri nothing special."

"Thanks Bakugou."

"Whatever."

Kaminari joins them with the rest of the squad joining not long after him and the electric male takes note of the bento Izuku's eating from noting it was the second one that Bakugou had thrown together just before they left for school. Look, he may not be book smart, but he can tell when his best friend is actually doing things a little out of character. Sure, he'd made the squad food or the whole class when it's his turn in the kitchen, but this was something different. Not wanting to get caught staring at the two he sneaks a glance over to Hitoshi to see that he'd been looking at the other two as well.

"Oh Bakubabes Chako is totes checking you out again."

"Not in the fucking mood for that shit Pinky so don't start."

"So touchy. You'll give into having a relationship one day."

The explosive boy rolls his eyes and continues to finish his food stealing a small glance at Izuku to see he'd already finished. It wasn't that he didn't want to date it's just he didn't want to date a girl and he knew it wasn't Pinky's fault since he hasn't come out to all of his friends yet. It just sucked hearing about it every damn day and now he also had what Izuku said to Ochako stuck in his head. That he didn't go after straight guys and he wasn't trying to assume either, but he also kind of wanted Izuku to know he wasn't straight. Shit, it felt like ever since the two twins had arrived Izuku has done nothing but make Katsuki want to get to know more about him.

Lunch goes by pretty quickly along with the rest of the classes the twins give both blondes a wave as they leave to go home with their dads. Kaminari sighs as they leave before tugging Bakugou along to the dorms. Since they'd be studying for a while Bakugou makes them a snack before heading to his dorm. An hour and a half later they take a break and Kaminari groans.

"Hey Kat?"

"What could fucking be wrong now Sparky? We're literally taking a break from this shit."

"It's not the homework this time. Um, I-I have a crush on Hitoshi and I don't know what to do."

"I'm no fucking expert in this shit. Just I don't fucking know get to know his tired ass. Do shit together or whatever like you two are today. Also I think.."

"Hmm? You think what bro?" Kaminari studies him and sees that he's glaring down at his hands before letting out a breath.

"I think I want to come out to those two and the other idiots who hang with us."

"Kat that's awesome!! Have you decided on when?"

"Fuck no! I just, ugh, what Izuku said last night about not assuming, but he wouldn't chase after a straight guy. Part of me wanted to just tell him I was gay, but I'm not ready for the whole class to know yet."

"That's valid bro and maybe, the reason you felt that way is because maybe you want to chase or be chased by him and that's okay. I know you hate talking about this stuff, but I'm always here to help!"

"Tch yeah I fuckin know and me too ya know."

"Mhm."

Another hour later there's a knock on the door.

"Come in!"

Hitoshi and Izuku walk in, Hitoshi had changed in sweats and a large hoodie with a cat on it eating ramen while Izuku's hair was down again and he was wearing a hoodie that practically swallowed him with Blue Exorcist on the front and you could just barely see the ends of his shorts. Izuku goes and flops on Bakugou's bed.

"We have exactly two hours before curfew so lets binge some anime!"

Hitoshi snorts holding up his switch,

"My room or yours Kami?"

"Uh yours! I got my switch a little bit ago when we finished the homework."

He helps grab Kaminari's books to drop off in his room before going to Hitoshi's'. Bakugou puts his own things away as grabs his laptop motioning for Izuku to make room so they can both lean against the headboard starting the anime. The two are basically saying certain scenes word for word laughing at some points when Izuku moves to start the next one Katsuki clears his throat.

"Hey, uh, Izuku?"

"Yeah Bakugou?"

"I'm, fuck, uh can I tell you something only Sparky and my fucking parents know?"

"Of course! You can trust me I won't tell anyone."

"I'm gay."

Izuku internally freaks out while also giving him a smile.

"I'm really proud of you for feeling like you can trust me Bakugou."

"I mean that's how shit's fucking supposed to work in any type of relationship, right? I want to tell your fucking brother and the rest of the damn idiots that hang with us. I'm working my way up to telling the class.

Izuku nods, "I'll be here supporting you and I'm sure the rest of them will support you too. If anyone says shit I can just erase their voice for a bit."

Bakugou lets a small smile grace his lips taking the other by surprise as he says softly, "Thanks Izuku. We got time for one more episode before curfew."

"Sweet, oh, one second."

The shorter pulls out his phone and sends a quick text and a few seconds later the blonde's phone pings and opens it to see a text.

Yo it's that chill Rin cosplayer who became your new best friend.

Rolling his eyes he sends a quick text back for the hell of it and makes sure to save his number.

"Kaminari got mine and Hito's number on the way to lunch and sent me yours."

"Tch, yeah he sent me Eyebags number, but forgot to send yours. Probably figured you'd already fucking gave it to me."

The two relax back against the headboard and start one more episode of Blue Exorcist. If Izuku happened to doze off a bit with his head falling against Katsuki's arm he did not have fucking gay panic, but he did take Izuku to his own room and put him in his own bed.

There's a reason he cosplays

Chapter Summary

Month time skip, Izuku has another altercation with Ochako during training, Hitoshi is trying but poor Denki is a little oblivious, and Izuku has sad boy hours in the vents when a familiar face finds him and cheers him up.

Chapter Notes

Hey so sorry my uploads kind of slowed down I got hit with the need to work on cosplay things, but I am working on the next few chapters of this so I can edit them as I finish Stitch Me Up.

How are we feeling about this story so far? I almost made Izuku's nickname for Katsuki be Suki instead of Kacchan, but changed my mind for this story we'll stick with Kacchan.

Random fact I listened to my playlist for Stitch Me Up while writing this so if this chapter comes off super angsty I apologize.

See the end of the chapter for more notes

The first month in UA seemed to fly by for the boys as they were headed into the second week of a new month they'd both gotten closer to the blondes. Katsuki had told Izuku one night as they sat on the blondes bed reading the new edition of a BL series the two enjoyed that he wanted to have a night with the extras and come out. He was happy that he'd trusted him to even come out to him before the people that knew him longer, but he never said why except that he trusted him. Ochako was still annoying as ever she somehow managed to grab Katsuki as a sparring partner once and the blonde, quite frankly, lost his shit. Hitoshi had told Izuku and Katsuki one night while Kaminari was hanging with Kirishima and Sero that he really liked the guy, and was going to start trying to drop hints before just out right asking him out. Izuku was happy for his twin, truly he was, but the person he had a crush on was the explosive blonde he'd gotten closer too and he wasn't sure those feelings were the same outside of being friends.

They were currently getting ready for hero training and Izuku was taking his hair down and Bakugou ruffled his curly hair with a smirk, "C'mon short stack we gotta get out there and kick some ass."

Rolling his eyes he stuck his tongue out at the taller, "Whatever. You just want to make sure we get to practice that move again with Hito and Kami."

When they reach the training grounds Aizawa clears his throat getting everyone's attention.

"Today will be a hero vs villain. One of you will be a hero and the other a villain. Hero's will be Hitoshi, Ochako, Kaminari, Sero, Katsuki, Mina, MoMo, Ojiro, Iida, and Asui. Villains will be Kirishima, Todoroki, Shoji, Sato, Tokoyami, Jirou, Hagakure, Kouda, And Izuku. I realize there are only nineteen of you now so I'm bringing in Present Mic as another villain. I want heros on one side and villains on the other before I announce who's first."

Katsuki groans along with Kaminari and Hitoshi making Izuku tilt his head at the three. Kaminari sighs.

"We hate you're the only one of us that was made a villain and may have to face you bro."

"It's fine guys. Don't hold back if I have to face one of you!"

Katsuki smirks ruffling his hair, "I'll kick your ass if it's me facing you short stack."

The other two wish him good luck before joining the other heroes and Katsuki whispers quietly, "I just don't want to deal with fucking Pinky and Round Face. Pinky's been acting weird and damn Round Face is always trying to annoy the shit out of me. I think I want to do a game night this weekend to tell the idiots finally."

Izuku nods understanding. He'd noticed Mina had been very weird the past week or so while Ochako always tried to get between him and his explosive best friend.

"I know, but it's just for training I'm sure they won't try anything to annoying. Just remember whenever you're ready me and Kami both will be there for you."

"Thanks or whatever."

Giving the blonde a lazy smirk he raises his fist for a fist bump before joining the others on the villain side. Kirishima grins as he gets closer to where he and Todoroki were talking with Jirou.

"Yo Izubro!"

"Hello Izuku."

"Hey greenie."

"Hey guys. What's up?"

Todoroki has a weird look in his eyes as he shrugs, "Nothing just thinking my old man would be pissed if I was actually a villain and it makes me glad I can act like one today."

"Man, fuck Endeavor."

"Izuku you are now my closest friend. Would you like me to buy you spicy Katsudon for lunch to celebrate our hatred for my father?"

The freckled teen promptly breaks out in a contagious laugh as Kirishima and Jirou join in.

"Todo you don't got to buy me food, but we can always celebrate our hatred for him anytime. Woo I needed that laugh though."

Kirishima tilts his head, "You good man?"

"Uh yeah Kiri. It's just being on the side brings up some not so pleasant memories for me from middle school and my old school is all. I'll be okay."

Jirou flicks his ear getting his attention with a small smile.

"You can come to any of the squad anytime you need to talk greenie. Kiri and me don't do the gossip mill so we always try to offer to listen."

"Hanta says I'm socially awkward, but a good listener so I can always listen to you vent." Todoroki mentions in his monotoned voice.

"Thanks, you guys I really appreciate that."

Meanwhile on the hero side Hitoshi, Kaminari, and Katsuki are stealing glances at their friend they were happy to hear him laughing with the three on the villain team that seemed to have grown close to him over the past month. Kirishima was one of the ones who had also been the closest person to Katsuki next to Kaminari and for some reason it made the hot headed blonde happy he was on the same side as Izuku along with Jirou and Todoroki. Hitoshi lets out a sigh of what sounds like relief.

"At least he seems to be dealing with this alright so far."

The two blondes look at him confused.

"What do you mean Eyebags?"

"Look it's not my place to say, alright? Just know there's a reason he cosplays and a reason I prefer drawing. We both pick stuff to deal with it, but my reason is I was called a villain for my quirk and even got treated like one in middle school and our old hero school. Our dad's tried to get us to come here, but we refused to just run away so we dealt with it. When Izuku's ready he'll open up about it."

"Toshi, you do know your quirk doesn't make you a villain right? You're one of the chillest guys I know and your quirk is awesome. Quirks don't make people villains it's the person or a person's situation, I say that last part because we met a villain in our first year who felt it was the only way to escape abuse from his father and they went to a rehabilitation center and is now a sidekick for Hawks."

Hitoshi nods with a small smirk, "Dabi, right? Me and Izuku met him once when they visited our school. He told us the same exact thing you did, but it's always nice to hear it sometimes

you know? Even if me and Zuku are doing better here we still have our days where we think of the bullshit we dealt with."

"Well fuck those stupid extras who said that. You're both here kicking fucking ass in UA while they're sucking ass."

Hitoshi chuckles nodding and Aizawa announces the first fight.

"Alright up first is Mina and Kouda."

The fight goes on for about twenty minutes when Mina finally captures Kouda after sneaking up from behind.

"Good job on the stealth Mina and Kouda good use of your surroundings. Up next Ojiro and Tokoyami."

The class watches as Tokoyami is almost caught when he has Dark Shadow help him dodge knocking Ojiro back and moves to quickly capture him thus winning his round.

"Both of you did well. Training camp has improved both of your sparring techniques. Now for Sero and Todoroki."

The two move to the area of their fight and Sero smirks

"No holding back today, princess."

"Wasn't planning on it Han."

Their fight goes on for a good thirty minutes when Todoroki finally captures his boyfriend when he uses his fire on his tape and capturing him with his ice.

"Nice job you two. Up next is Kaminari and Present Mic."

Hitoshi gives him a lazy smirk, "Go kick mine and Izuku's pop's ass Kami."

"I'll do my best!"

Everyone watched as the pro walked out to his spot and Kaminari went to his own taking a deep breath watching him. He timed it perfectly just as Mic was about to use his quirk Kaminari shot off a few volts of electricity causing him to falter and the boy took off. When the match finally ended it was a draw and Mic helped the teen back to his spot where Hitoshi helped him sit on the ground.

"You did amazing little listener! Anytime you want to train with me just let me know, alright?"

"Thanks Mic Sensei I appreciate it."

After he walks off Hitoshi pats his head softly getting his attention looking up the purple haired teen grins, "You really kicked his ass Kami. Good job."

He just blushes and stutters out a thank you as the next two people go up to fight and after a second match Aizawa calls out,

"Alright now for Hitoshi and Jirou."

The two fist bump before heading out to there respective places. They start off with just trading blows as Hitoshi tries to get her to answer him and after a few more hits he finally gets her with one,

"Do you think Ochako will get a hint?"

" I hope-"

"Don't move."

He proceeds to capture her and his quirk releases and she groans, "I hope she does, but also good job."

"Thanks."

The two head back as Aizawa calls out, "Katsuki and Kirishima"

The explosive blonde smirks as he walks out and Ochako calls out, "You can do it Bakugou-kun!!"

He ignores her calls as Mina squeals talking excitedly. He nods at Kirishima as the red head grins taking his spot. They go blow for blow with Kirishima going as far as using Unbreakable losing when Bkaugou uses a few AP shots all around him before grabbing him from behind capturing him.

"Tch, not fucking bad Shitty Hair,"

"Thanks Bakubro! Hey um I'm sorry about Mina I told her to chill out with the Ochako thing, but she's stubborn. Dating's not for everyone man."

Bakugou shakes his head, "It's not fucking ugh. Look this weekend I want to talk to our group of extras about something, alright?"

"Alright man. You know you can tell us anything!"

"Fucking whatever."

Katsuki catches Izuku glancing over and flips him off earning his own in return as they both just shake their heads with matching smirks. Yeah, he thinks, I need to do this shit so I can focus on something no someone more important. When he gets back to stand next to Kaminari and Hitoshi Aizawa calls out, "Alright final match and then you're all finally free for the afternoon. Ochako and Izuku"

Izuku looks over at his twin who was already looking at him with a mischievous grin that he quickly returns before going to take his place. Ochako moves touching rocks around her to

begin throwing when Izuku takes her sight first and she calls out,

"Just like a villain to play dirty, but that's nothing new for you is it Deku."

Ignoring her words he moves around he she begins tossing the rocks missing him each time. Nobody can hear what's being said just like all the other matches which makes her carry on.

"I mean with how you are you practically scream villain material. Not to mention your useless in a real fight!"

She hits his leg with a rock by chance as he moves to get closer causing him to blink.

"Fuck."

"I see you."

Just as he moves to dodge she's able to land a hit on his back sending him floating up. He uses his capture scarf to hook around a tree near the area but she moves hitting it next.

"Might as well give up Deku. You're useless and face it Bakugou-kun needs someone like me by his side."

"Fuck you!"

"Nah villains aren't my type."

He gets a chance to take her vision again as he maneuvers in the air to try and grab on to the tree as if predicting her next move as she says, "Release."

He holds onto the tree jumping away just as it's about to hit the ground not blinking he moves to go behind her quietly and using his capture weapon he grabs her. He moves close after Aizawa calls out he won and says

"Not so fucking useless in a fight now, am I? I just beat you so remember that the next time you want to talk shit about me."

As he lets her go he moves to walk away when she calls out, "He'll never want you Deku, face it a boy like you doesn't get a guy like him."

Izuku just continues walking not saying anything back and he doesn't say anything to anyone else as he just walks pass the whole class straight to the locker rooms. Hitoshi, Kaminari, and Bakugou exchange a shared look of concern after seeing Ochako walking back with a sly grin before waving at Bakugou. Ignoring her completely he goes with the other two to try and catch up with Izuku, but he's already gone.

"He probably went through the vents." Hitoshi says as he moves to change back into his uniform the other two copying him.

"Dou you think he was getting a migraine? " Kaminari asked as he finished changing.

"Maybe, but I saw him blink the one time so he had to of known when to hold back before using his quirk again."

They all three are dressed by the time the rest of the boys enter. Bakugou is silent as he listens to the other two try to figure out what's wrong with Izuku.

"Oi Sparky, you and Eyebags go get started on studying in my dorm. I'll go check on the nerd we're all supposed to study together anyways."

He doesn't wait for a reply and walks off to the dorms ahead of them. Hitoshi just shakes his head knowing the explosive blonde was not only being a good friend to his twin, but also giving him a chance to have some alone time with Denki. They grab some snacks and water for the four them since they know the other two will join at some point and head into Katsuki's room. Hitoshi helps Kaminari with his English since he and Izuku were pretty good at it. After a while, Kaminari leans against him whining.

"Toshiii just knock me out. If I have to go over this history homework one more time I will purposefully make myself go into whey mode."

Shaking his head chuckling Hitoshi messes with his hair, "Now why would you do that when I enjoy company with you as yourself?"

They electric blonde blushes and looks at him and laughs, "Sure you do! I'm like totally cool Toshi."

Hitoshi groans and thinks he's so fucking cute yet so oblivious. I told him yesterday I liked that it was only us on our farm in Stardew like it was our thing and he just said he was glad we had a thing to do together. I swear im just going to confess at this point. He's brought out of his thoughts when the boy next to him pokes his cheek asking for help on another question.

Mean while, Izuku had used the vents to crawl back to his room and change into some shorts and his favorite Blue Exorcist hoodie that swallowed him before grabbing his head phones crawling back into the vents sitting silently. All the things Ochako had said was running through his head mixing with phrases from his middle school and old school. He knew she was wrong about him being Deku and that he wasn't a damn villain. It did however hurt that a small part of him thought she was right that a guy like him could never be with some one like Katsuki. He didn't think someone like her deserved him, but maybe a guy that could match the blonde blow for blow. He shook his head now was not the time to think of his crsuh dating another guy on top of dealing with the shit she said. Despite knowing it was all lies it still stung to hearing himself be called worthless or useless.

He was humming a song softly when he felt a touch on his shoulder causing him to jump a little in the vent as he looked to see Katsuki staring with an eyebrow raised and a smirk. Pausing the music on his phone he takes out his headphones sticking them in his hoodie. The blonde sits close their arms brushing a bit as he speaks in a rough whisper.

"Thought I'd find you in here since you never answered your door and none of the damn extra's had seen you. So, out with-it short stack what got you stuck in your head? Did you start getting a migraine or something?"

Izuku sighs leaning his head back.

"No migraine, but um can I tell you a secret only my old middle school knew along with my family?"

"You can fucking tell me anything, Izuku. I mean hell I came out to you only a day after knowing you."

"So um, everyone gets their quirks as kids right? Hitoshi got his on our fifth birthday, but um I never got mine. I was scared because I thought I couldn't be a hero anymore with my twin. Kids started picking on both of us, but I got the worst being seen as quirkless. Hito would do his best to defend me and middle school was the worst. There was kid there he overheard the teachers talking about making sure the quirkless kid would be safe in class meaning me. I was the only one who never talked about a quirk. Hito got called a villain for his quirk constantly but I'd be right by him defending him like he would for me. There was a day Hito missed because he was sick and the boy cornered me as I started to leave and used his quirk on me told me I should take a swan dive off a roof and pray for a quirk in my next life. I just walked out of class and headed home and uh I guess that day was just my worst but best day of my life. I was attacked by a villain he was trying to use me as a hostage and saying so much shit as I tried to get away and the next thing I knew he was screaming he couldn't see. The heros grabbed him right when I blinked. My dads took me to the doctor and we found out my quirk had been dormant the whole time."

"Shit Izuku, did that fucker who said that shit get expelled?"

"Not sure. My dads moved us after fighting with the principal when they saw injuries from his quirk since the villains quirk was different."

"Is that why you cosplay? I mean it's fucking cool it's just is that why you fucking seem so hesitant about talking a lot?"

"Uh yeah. I guess a part of me feels like I'm stuck as a worthless Deku like back then and plus our old school had kids like that too. It was just easier to stay to myself with Hitoshi."

Its quiet for a bit when Katsuki's hand brushes his as he moves to get comfortable.

" You're not worthless and you're not some fucking Deku. Today after training though you just seemed off. Did Round Face fucking say something? You still never told me what she said during truth or dare."

Izuku tries to give a small smile, "Don't worry Bakugou I can handle it."

"Look, Freckles, you don't gotta tell me but if she did say something at least fucking tell Eyebags, got it?"

"Yeah I got it. So, Freckles huh?"

The explosive blonde smirks hoping a blush isn't betraying him right now, "Figured your twin had a fucking nickname you needed one too."

"Hmm. Fine then I'm calling you Kacchan."

"Tch, as long as none of the fucking other extras call me that it's fucking fine I guess. Now, c'mon Freckles those other two are probably failing the whole studying thing in my dorm."

The rest of the week was different for the four boys to say the least. Hitoshi was dropping so many obvious hints by flirting with Kaminari who was still oblivious but would also tell Bakugou about it when they had study sessions alone or trained when the twins went to spend time with Eri. Bakugou kept trying to say that maybe he should return the favor and flirt back or just admit he liked the tired fucker because while he wanted Kaminari to be happy with his crush he was also figuring out how he planned on coming out to their fucking band of idiots. It also didn't help that Mina was still being weird and Ochako seemed to be getting more bold with her intentions.

It was Wednesday two days after the training incident and Izuku was running on no sleep as he got ready and took his meds. He decided to leave his hair down as he made his way down stairs for his coffee only to already smell the familiar aroma in the air and an explosive blonde sipping his own drink.

“Shit, Freckles you look like you didn’t fucking sleep.”

Izuku flips him off reaching for the coffee pot pouring it all in his cup and taking a huge gulp.

“I’ll ignore that since you decided to make my coffee.”

“Decided to give it a fucking try since Sparky decided we should stay up and play that new horror game.”

“Can I play it?”

The blonde smirks, “As long as you don’t fucking scream like a baby.”

“That was one time and we didn’t expect you to catch us trying to get in the vents!”

They move to sit silently at the table when Kaminari comes down and goes to grab some orange juice joining them as Hitoshi comes down. The other two took note that Izuku looked more exhausted then usual which meant he didn’t sleep and in the past month the two blondes have also come to learn that meant the shorter purple haired teen was more prone to being sarcastic or sometimes chaotic.

As more people came down Ochako came down eyes locked onto Bakugou who groaned putting his head on the table making Izuku tilt his head before looking to see why. She got closer smiling,

“Hey Bakugou-kun do you-“

She’s cut off when Izuku literally lets out an animalistic sound that was close to a growl.

“Uh Hitoshi can you like get your twin under control?”

The teen snorts glancing at his brother then her all while Katsuki was stealing glances at Izuku then Kaminari to notice he was trying not to snort. Hitoshi finally shrugs saying.

“He don’t bite.”

Just before the girl can say something rude Kaminari cuts in laughing,

“Bitch yes he does!”

This immediately makes Izuku crack into a fit of laughter with the electric blonde and his twin while Katsuki just smirks.

“Uh Anyways. Bakugou-kun do you mind training with me today? I even got Sensei to let us leave campus after to go eat!”

“Tch, can’t already made plans.” He and the other three were supposed to play some games later.

“Oh really? With who?”

Izuku, exhausted and annoyed with the girl sticking around so long, speaks cooly.

“Why the fucks it matter? Hmm?”

“This doesn’t concern you D- Izuku.”

“No please go on call me it. I. Fucking. Dare. You.” He says with icy cold venom leaking into his voice.

She goes to open her mouth and speak but he’s activated his quirk as he stands up eyes red he doesn’t blink just turns away grabbing his bag walking out the dorms before releasing his quirk. Bakugou shoots a heated glare walking out to catch up with him along with Kaminari and Hitoshi when the taller of twins stops at the door looking back.

“You ever fucking call him that again it’ll be a bad fucking day for you. I don’t know what you said in training or what your deal is with Zuku, but you need to let it go.”

The three enter the classroom only to see that Izuku’s stuff was at his desk but he wasn’t and the vent looked untouched. They were about to exit when they noticed Aizawa sitting in his chair with a lump in his lap covered by a his yellow sleeping bag.

“Dad is he?” Hitoshi asked softly.

“Asleep? Yes. Now one of you better tell me why my Problem Child came in here so upset I had to use my quirk on him because his was still active and I only know that because I couldn’t even ask him or hear what he was ranting about. He calmed down once I did and just slumped against me.”

Bakugou hated this. He doesn’t know what’s been going on between Round Cheeks and the nerd he just knows Izuku told him he could handle it, but he wanted to know if it was starting to get to him. Kaminari speaks up.

“He didn’t sleep. We noticed that first thing this morning with the giant mug of coffee he was drinking and then Ochako came over to bug Bakubro about training and that you gave her permission for them to leave campus to go eat after.”

“I did, but what does she have to do with this Kaminari?”

“Tch. I don’t fucking know what happened between around Face and him during training but they haven’t been getting along since then I know she fucking said something during truth or dare a month ago but he’s never said what. I told him to tell fucking Eyebags about the training thing if he didn’t feel comfortable tellin me when I asked.”

Aizawa breathes a heavy sigh looking at his sleeping son before looking at his twin, “Hitoshi?”

“He never told me about the training thing on Monday and you know Zuku doesn’t like to bother people. I know what she said during truth or dare and talked him through it. I don’t know if it’s the same as now. She told me to control him dad. All because he was annoyed and growled.”

“I see. I’ll try to make sure to speak with him at home after our dinner tonight. You’ll have to fill in Hizashi while I do.”

Before anyone else speaks Izuku let's out a yawn as he sits up rubbing his eyes with his purple hair hiding his face.

"Thanks for the nap dad."

The other three discreetly take their seats while snapping a photo of the sleepy teen in their Sensei's lap. Aizawa hides a small grin behind his capture scarf he'll have to ask for those later as he ruffles his sons long hair.

"Anytime Problem Child. Now, go to your seat before the other heathens get here."

Izuku nods getting up and turns only to feel his flush when he sees the three looking at him with amused faces and makes his way to his desk. Hitoshi and Kaminari whisper about plans to play Smash after he gets back from dinner. Bakugou turns to watch as the other puts his hair in a messy bun and whispers softly.

"You okay Freckles?"

"Mhm. Just exhausted and I just couldn't handle her bullshit this morning. Don't worry Kacchan."

Just as the blonde was about to reply that annoying voice from this morning was by his desk.

"Kacchan? That's kinda cute think I can use that for you from now on Bakugou-kun." Ochako asks leaning on his desk now and Mina was grinning like she was watching something amazing happen.

"Fuck no."

"Aww c'mon you let Izuku call you it! Besides it would be super cute coming from me."

Izuku smirks "Oh? Are you saying I'm not cute enough to call him Kacchan?"

Hitoshi having started to listen in let out a snort at his twin's antics. Never mess with a sassy Izuku who's had little sleep it never ends well. Katsuki glances back at the nerd and then away looking down hiding the smirk on his lips. He can't have a gay fucking panic in class with him smirking and talking like that! Is the little shit trying to kill him?! Ochako rolls her eyes and as she walks past to go to her own desk she whispers in his ear.

"Plain is all you will ever be Deku. Remember what I said Monday you'll never get with your precious Kacchan. He's out of your league."

The freckled teen hides his hands under the desk as they clench and unclench into fists. He's so close to fucking losing his shit today. As the rest of the class enters he lays his head on the desk trying to keep his mind from going back on those thoughts from two days ago. He feels a light tug on his hair and looks to see Bakugou looking at him concerned. Shaking his head he pulls out his phone sending a text to the blonde.

Freckles- I'm ok. Just ugh.. she's just getting annoying today and I'm tired.

Kacchan- What did she say just a few seconds ago?

Freckles- it's fine.. look I can handle her I promise. Besides we should be focusing on you coming out this Friday to Hito and the others on our game night. I'll be ok Kacchan.

Kacchan- 😤 you know I want to kick your ass Freckles. At least tell Eyebags. I won't pressure you but I want you to know you can fucking talk to me or whatever

Freckles- I know and I will. And who said you could even kick my ass Kacchan? 👀

Kacchan- that's it little shit you're my sparring partner in class and I'll show you.

Feeling his face heat up a bit Izuku shakes his head biting his lip as he leans forward to whisper

"Guess we'll see who's kicking who's ass then."

It took all of Katsuki's will power not to shiver from the sound of his voice so close to his ear and nodded as he felt his face heat up. Little shit is literally making him panic way to fucking much in one day.

Class finally started and it did not go unnoticed by Aizawa that the two boys in the row by windows had twin blushes and all he could think was I told those two no loud blondes. Oh well, might as well make that bet with Nem and Mic to see when the four get together. That's right he'd noticed his sons very obvious flirting with Kaminari lately and it was just sad the word was sad at how oblivious the blonde was.

The rest of the day goes fairly well until it's time for Heroes Training. Bakugou made his way to Izuku who was stretching alone in the field only to be stopped by Ochako tapping his shoulder.

"C'mon Bakugou-kun we can spar together today! You've hogged Izuku last week and yesterday!"

"Yeah so fucking what? We already planned on training today."

He goes to keep heading toward the nerd to be stopped again by the short brunette.

"Aww Kacchan! You know you could totally use those same moves on me!"

Before he can say anything she scoffs, "Real funny Izuku give me my sight and hearing back right-"

Her voice goes silent as her mouth moves and Bakugou feels himself being pulled by none other then the freckled teen who's sporting red eyes and a smirk.

"Sorry bout that. Just don't feel like dealing with her for a third time today."

“Don’t fuckin apologize I should fuckin thank you she was being annoying as hell.”

The shorter laughs as he finally lets go of him and blinks releasing his quirk and puts in some eye drops. The two hear her scoff and watch as she storms off to where the girls were talking. Snickering they begin their own training spar. Bakugou couldn’t help but grin whenever Izuku would take one of his senses only to give it back to take another almost teasing him as they fought. In the end he pinned the shorter both panting and Katsuki noticed a light flush on freckled cheeks. Getting up he helped him up with a smirk.

“Told you I’d kick your ass today.”

“Whatever Kacchan there’s always another day.”

The shorter jumps on his back like he did most days after the two sparred and they head to the locker rooms along with a few others neither noticing the glare Ochako was shooting at Izuku.

Kaminari and Bakugou had just finished going over the last of their homework and eating dinner in the explosive teens dorm so he could avoid being annoyed by Ochako. Kaminari waved his hand in front of his best friend's face.

"You good dude? You've been really quiet today."

"I'm fuckin fine or whatever. Just, ughh, I'm just kind of worried about fucking Izuku and this shit with Round Cheeks. I can't make him tell me, but it doesn't fucking help she's doing something besides annoying the hell out of me."

"I know Kats, but maybe Toshi can get him to talk or Aizawa. I'm just sick of Ochako butting in between you two."

"I'll worry about y feelings for Izuku when I come out to the other idiots, Sparky. I refuse to fucking keep him a secret when I do finally start doing something about how I feel."

"That's great bro! Don't think I didn't see you both blushing class this morning!"

"Fuck you Sparky!! Like you can say shit you've been blushing and a fucking stuttering mess around Eyebags lately. Why don't you just grow a pair and do something back?"

"I.. I don't know man he just makes me nervous sometimes but like in a good way! I love hanging with him and everything."

"Tch, you're hopeless Sparky."

Meanwhile, the dinner at dinner the twins talked to Eri about classes and their friends they've made in the past month. She was excited anytime the two talked about Kaminari or Bakugou and had even started using Kacchan like Izuku did for the explosive blonde. After they finished eating Hitoshi asked Hizashi to talk about an idea he had while Aizawa pulled Izuku in the kitchen to help with dishes.

"Alright, Izuku."

"Uh-oh full first name. What's up dad?"

"Mind explaining what this morning was about?"

Izuku sighs as he continues washing dishes and his dad dries them before speaking softly,

"I-I... I just didn't sleep last night and Ochako just kept bothering Kacchan this morning and I got aggravated."

"I see. Has she said or done anything to you?"

"I'm fine dad I can handle it. She's just some girl that doesn't like me because me and Kacchan are best friends no biggie."

Aizawa glances over at his son who is focused on finishing the dishes and he reaches over ruffling his hair. He didn't bring up the truth or dare incident for now, but if things didn't change soon he'd be looking more into things,

"If you're sure you can handle things I'll believe you, but Izuku you do know you can come to me or Hizashi about things we'll always have yours and Hitoshi's backs through anything. However, if I find out you are being treated like you were back then I won't hesitate to step in. I don't know what was said during yours and Ochako's training, but I hope you'll talk to someone about it because you've been a little down the past two days which was another reason I suggested a family dinner tonight."

"Thanks dad. I promise I'll talk about it I just needed to come to terms with somethings is all."

Nodding the two finish the dishes in silence before rejoining Mic, Eri, and Hitoshi in the living room so the twins can say their goodbyes for the night. As the two make their way inside the dorms and up to the floor both theirs and the two blondes are on Hitoshi tugs Izuku inside his own room.

"Hito?"

"Look I'll give you tonight to really think on everything, but tomorrow sometime I want you to talk to me or hell even hot head about what happened on Monday. I know she said something today too. Just talk about it ok? I know you can handle things, but you're my brother and I refuse to see anymore bullshit from our past to happen here."

"I promise I'll tell you everything tomorrow Hito."

"Good. Now I need your help. I have tried for a month now to flirt and drop very obvious hints, but Denki doesn't seem to get it and I don't want to just say hey stupid I like you."

Izuku giggles shaking his head.

"Alright well here's an idea."

The two talk about the idea for a bit before joining the two blondes in Bakugou's room to play some games.

Thursday morning is very nerve wracking for Hitoshi. It starts off like normal he helps a still very tired Izuku fix his hair in a messy bun while eating with his crush and Bakugou although it seems as if Ochako is leaving the group alone this morning not that any of them would complain about it. Izuku whispers to him on the way to class that everything was set up for lunch time since he asked Bakugou to help and that he'd tell him about the incident from training on Monday after school before his date with Kaminari. The rest of the morning though is a blur until he feels a nudge from Kaminari.

"Toshi, you ok? You're just staring at the board and it's lunch time."

That seemed to kick start his brain as he nodded standing up and he catches a glimpse of his twin giving him a thumbs up before leaving the classroom with Bakugou who smirked nodding his head before going out of sight. Hitoshi clears his throat and holds out his hand to the electric blonde.

"Mind uh coming with me somewhere for lunch?"

"S-Sure!"

As the two laced their fingers Hitoshi leads them out the exit toward the little school garden area where a small picnic was set up with both of their favorite lunches and some soda.

"Toshi?"

"Yeah Kami?"

"You had this set up?"

"Yup, do you not like it?"

"No I mean yes! Yes I love it!"

Hitoshi shakes his head giving him a small smile and takes both of his hands.

"Kaminari Denki I've been trying very obviously to flirt and drop hints all month. You're so oblivious that it's cute sometimes. I know we're best friends, but I don't want to be just friends with you Kami. I want to be able to hold your hand and fall asleep playing stardew until odd hours working on our now second year farm. I want to take you out on dates and watch when you get flustered anytime I remotely do anything sweet because you deserve it. I really like you Kami. So, um, will you be my boyfriend?"

Kaminari is blushin redder than Kirishima's hair at this point with a wide grin as he nods, "You I like too. Wait, ugh! I mean I like you too Toshi! I have since I met you honestly and yes I'd love to be your boyfriend."

The purple haired teen smiles softly as he steps close pressing a soft kiss on his forehead, "Come on we should eat before lunch ends. I'm really glad you said yes Kami."

"Denki. You can call me D-Denki if you want too."

"Alright Denki. Let's eat, okay?"

"Mhm!"

Little did those two know their two bestfriends were watching from nearby getting pictures and vidoes as they gave each other a fist bump.

"About fucking time. I swear all Sparky fucking did was whine over him."

Izuku snickers, "Hito wasn't much better, but I am happy for them."

"Yeah me too."

After lunch ends Hitoshi returns to class holding hands with Kaminari and the class collectively stops talking and stares. Izuku grins mischievously at his twin before glancing as their dad enters the room behind the new couple and gets up on his desk pointing at the two.

"Daaaad Hito broke the no loud blondes rule first!! That means I can't get in trouble!"

Aizawa groans causing the couple to just turn and look at him as he sighs, "Fine. When did it happen and who finally confessed to who?"

"Uh it happened at lunch and I confessed to Denki. Wait what do you mean finally?!" Hitoshi exclaims.

"I'm not blind Hitoshi, but now Nem and Mic both owe me 100 yen. Now take your seats and Izuku get off the desk."

As they reach their seats Denki whispers softly, "I can't believe even the teachers knew including your dads!"

"Pft I'm more shocked they bet on us no actually I'm not. Their weird."

The rest of the day goes pretty smoothly. Izuku does notice a few side glares from Ochako, but she never says anything or comes to bother the four of them during training. When school finally ends Izuku tells the other two he needs to help Hitoshi get ready for his and Kami's dinner date that he got permission from their dad so the two could go. Once the two get to Hitoshi's room Izuku settles on his bed as his brother goes in his closet to star looking for clothes to change into for the date and he begins talking.

"Monday during the training Ochako she.. She started saying stuff like in middle school and our old school. That was basically a villain who played dirty when all I did was use my quirk and fought to win while showing improvements ya know? It's the whole damn point of training. Anyways she made sure to tell me how useless I am in a real fight brought up that a Deku like me should just give up. She kept saying that Kacchan needed a girl like her and that a Deku like me doesn't get with a guy like him. Then um yesterday at my desk after I popped off about not being cute enough to call Kacchan well Kacchan. She said 'Plain is all you will ever be Deku. Remember what I said Monday you'll never get with your precious Kacchan. He's out of your league.' Like I get it you like him, but he doesn't want to date her Hito and I don't even flirt with him! I-I mean I like him-"

"FINALLY YOU ADMIT IT!!! But before we even tough that gay panic area. Zuku everything she said was fucking wrong and disgusting. I know you want to handle this on your own, but this is to far when she's practically harassing hot head and now bullying you when no one catches her or sees it happen. This place isn't our old school and we have those friends thanks two those loud blondes as dad calls them. You do deserve a good guy Zuku and honestly, I don't know if he's straight or not but if he isn't I'd definitely see you two being together. Are you going to tell dad?"

Izuku groans falling back on the bed as his brother changes clothes and fixes his hair some.

"No. I'm not dragging dad or pops into it right now. I'll be fine Hito I promise, but if it gets worse, I'll tell you and them."

"Fine, but I mean it Zuku I'm glad you finally admitted out loud that you like him."

"Yeah..I guess I am too."

They both go over to Bakugou's room after Hitoshi is ready only for him and Denki to leave for their first date. Izuku joins Bakugou on his bed sitting by him as the blonde pulls up Blue Exorcist for the two to binge watch talking about their favorite scenes or quoting Rin word for word laughing. Izuku leaves long enough to change into his giant hoodie and shorts before coming back to watch more of their favorite anime. After a few more episodes the two decide to take a break long enough to go downstairs and grab dinner then heading back up. Kaminari returns without Hitoshi not long after that grinning.

"Toshi said he was tired so he went to lay down, but tonight was great you guys."

Izuku gives him a small smile, "I'm happy for you guys Kami."

"Just keep the fucking sappiness to a minimum during studying got it?"

"Yeah I know bro. So you figure out what you want to do tomorrow night?"

Bakugou sighs and nods as he looks down at his palms, "Thought about letting you two help me since nobody else here fucking knows. I trust you two not to like fucking let shit get outta hand."

"Kacchan we're here so whatever you need us to do just tell us."

"Yeah bro!"

"I fucking know that. Do I just come out and say I'm gay?"

They both shrug when Izuku speaks up, "You literally did that with me and it went fine. If you feel to nervous we could just use a joke or something?"

Denki grins, "Oh my gosh I got the perfect thing! I'll start us off on game night and it'll break the tension because it's like a joke, but not really."

"Tch, fine I mean it beats feeling fucking awkward like I was with my parents and your ass. With Freckles here I just said it."

After they talk for a bit longer about what games they'd be playing tomorrow night the three said their goodnights before Izuku and Kaminari went to their own rooms for bed.

Let's get one thing straight...

Chapter Summary

> Friday night is here. Katsuki comes out to his group of friends, a shocking turn of events, and in another part of the dorms a certain girl makes her own plan to finally make a move on the explosive blonde.

Chapter Notes

> Happy Wednesday or Hump Day! Stitch Me Up will be getting an update tonight and *drum roll* I'll also be uploading the first two chapters of my next BKDK fic if nothing goes wrong.

See the end of the chapter for more notes

Katsuki's whole day at school was a blur. The only thing he could think of was the fact that in less than an hour his group of morons would be joining him for game night in his room where he'd be coming out. He hears a knock on his door before it opens to reveal Izuku in a large t-shirt with Rin on it and his shorts with his hair down.

"Okay Kacchan I could see it all day your nervous. So I have a deal for ya."

"Let's fucking hear it then Freckles, and I'm not fucking nerovus!"

The shorter boy snorts rolling his eyes, "Yeah and I'm not short. Anyways, if you can get through coming out without losing your shit I'll cosplay as Rin for the rest of the night and I'll even let you have hair privileges."

That seemed to get his attention as crimson eyes met lavender ones and he smirked, "You tellin me I get to be the one to mess with your wild hair? The same hair our band of idiots have been trying to get you to let them play with? You hissed at Pinky when she tried!"

Izuku just shrugs and takes a seat by him on the bed, "I don't mind it being ruffled or whatever, but not actively like playing with it or something. Hito's my twin and he can tell you I've only ever let family mess with my hair, but I wouldn't mind it if it was you. I mean um if you want to or whatever. "

"Calm the fuck down short stack. You don't hear me complaining about either parts of the fucking deal so don't go freaking out."

They sit there quietly talking about what games they'll be playing with everyone. Eventually everyone is in the room Kaminari and Hitoshi are on the bed with him and Izuku leaning against the wall with Hitoshi sending knowing looks at his twin something he's done all day since he admitted to liking Bakugou out loud yesterday. Mina, Kirishima, Jirou, Momo, Sero, and Todoroki were all in the floor getting situated. That was another thing the blonde decided last minute he wanted his friends to have their partners with them he felt like even he could trust the two fuckers not to say anything and he only hoped Mina wouldn't either.

Kirishima grins looking up at his friend, "Alright Bakubro what's going on?"

"Yeah Bakubabes you hardly ever ask for game nights. Normally it's one of us."

Kaminari looks at his best friend giving him an encouraging smile and Izuku is doing the same by his side. Bakugou clears his throat and nods as Kaminari speaks.

"Let's get one thing straight.."

Katsuki grins as he looks at everyone saying, "I'm not!"

Hitoshi is the one to break the silence with a wheeze, "Knew it!!"

The rest of the group seem to restart their brains grinning as Kirishima jumps up to hug him.

"Bro, you came out!! That's so fucking manly!!"

Sero just fist pumps. "Another win for the gays!"

When Kirishima my finally stops hugging him Katsuki suddenly has to ask.

"You fuckers aren't mad I didn't tell you sooner?"

Surprisingly Todoroki is the one to speak, "We have no right to be. It's your choice on when you decide to come out to anyone and you want to feel safe when you do. I am however glad to be someone you trust to share it with."

The rest of the group nods grinning when Mina speaks up, "I'm sorry by the way. I never should of kept pushing you to give Ochako a chance and respected your choices. I just thought you two would've been a really cute couple, but I was wrong. So I'm really sorry Blasty."

"Tch, it's fucking fine or whatever you didn't know and just wanted me to be fucking happy or whatever. Can you just make sure fucking Round Fcae gets it? I don't like her at all. I mean don't fucking tell her I'm gay! I want to tell the class of extras eventually, but I had to see how this went."

Nodding Momo smiles as she speaks up, "I think everyone in our class will be accepting Bakugou, but just know we will support you when you do finally come out to them."

"Thanks or whatever. Now, Freckles I do believe you got a fucking deal to uphold."

Izuku snorts ruffling the blonde spikes as he jumps up, "Yeah yeah Kacchan. Be back in like twenty."

After the shorter boy exits the room to go change the rest just look at him when Kirishima grins, "You like Izubro!"

"SHUT THE FUCK UP SHITTY HAIR!!"

Kaminari nudges him, "It's okay to admit it Kat. "

"Not fucking saying I don't Sparky. I just don't want him to know until I'm fully out. I aint gonna date him just to fucking keep him hidden. He don't deserve that shit. I like him, but I care about him to not want to hide it."

"I can respect that hot head, but as his brother I can say it doesn't mean you can't flirt with him. I'm pretty sure he likes you too." Not that Hitoshi would tell him he knows for a fact his twin does like him, but it doesn't mean he can't help them out.

Izuku comes in decked out in his full cosplay of Rin smirking as the rest pull their phones out confused, but little did any of them know he'd heard the last bit of the conversation including the fact his best friend likes him too. His eyes land on said blonde who has a light blush and he makes his way to the spot in front of where he sat on his bed and raises his hand motioning him to move forward from leaning on the wall. Rasing an eyebrow amused the blonde sits up scooting forward still a few inches taller than him like this and he watches as Izuku grabs the front of his shirt pulling him down to press a soft kiss on the corner of his lips. Neither seemed to care their group of friends were watching this all go down when the shorter spoke.

"I like you too asshole, and I don't care if we gotta hide it. I care about you doing things at your own time, but it doesn't mean I can't support you as something other than your best friend."

Katsuki didn't care he was blushing or had a smile on his face when he put his hand on that freckled cheek making sure Izuku didn't look away, "You fucking little shit. You heard everything didn't you?"

"In my defense none of you were quiet, but yeah I did. So whatcha say Kacchan?"

Instead of an answer though Katsuki just leans close kissing him softly and proceeding to flip off their friends when flashes go off and Izuku joins in before pulling away.

"Looks like I got myself hair privileges and a boyfriend now, shortstack."

"Mhm."

Izuku blushes when he's pulled into the others arms for a hug before being pulled onto the bed by him and smiles as he feels a warm hand lacing fingers with his own. Hitoshi of course speaks up

"Looks like we both broke the rule of no loud blondes now Zuku."

"It's worth it." he says smiling when Katsuki squeezes his hand.

"Bro that was so fucking smooth! You just walk in here and got your man!" Kaminari says excitedly.

"Very manly Izubro! I'm happy for you guys!"

Jirou clears her throat, "Not to ruin one of the most badass things I've seen while someone was in a cosplay, which by the way is one of the coolest ones I've seen, but what are you two going to do about Ochako? I know she's been really weird when it comes to Izuku and has that massive crush on Blasty, but you shouldn't force yourself to come out to everyone over her."

"And he won't have to. I've dealt with her shit this long I'll be fine and he's always actively rejecting her when she asks to hang out or train."

"True, but Izubabes you shouldn't have to put up with that stuff either. I know she's a friend to me, but so are you and I won't sit by and watch if she starts being nasty towards you. Wait was she saying stuff in training Monday? Is that why you left? Because she told me she'd just been asking on how to get alone time with Blasty."

Hitoshi speaks up, "I think you should tell them Zuku or at least hot head."

"But I don't want to cause more issues Hito. I can handle this I promise."

Katsuki squeezes his hand as he leans down whispering, "Will you at least tell me? I won't do shit to her."

Izuku bites his lip and nods as Todoroki says, "You don't have to tell us, but like I said on Monday I'm claiming you as my close fried over the shared hatred of my father and that means I am not above uh slapping a hoe. Did I say it right Mina?"

"You're doing great sweetie!"

This got everyone to laugh and finally they settled on taking turns with Mario Kart first with Kirishima teasing Katsuki over losing to Izuku two times in a row only to calm down when the shorter proceeded to let Mina have a turn and leaned against him. The rest of game night went without a hitch as they group played games until way past curfew. Izuku, Hitoshi, Kaminari, and Bakugou were the only ones left around midnight awake in his room whispering about a random movie that Kaminari had put in. Katsuki nudged Izuku who was leaning against him.

"We should get those contacts out so you don't sleep in them."

"Yeah I don't think I can sleep in this cosplay at least not the tail. I'll be right back."

Katsuki smirks watching him carefully get through everyone on the floor to go change and Kaminari throws a pillow at him.

"What Sparky?"

"I'm really fuckin proud of you Kats."

"Fuck you! But uh thanks I guess. You know for being here or whatever."

Hitoshi snorts shaking his head, "Not that I'm worried, but just take care of my brother hot head. He really likes you and I think you're good for him."

Katsuki nods and lets the smile he had earlier grace his lips, "You don't have to fucking worry Eyebags. I really like his short ass too."

"Aww Kacchan likes my ass." Izuku says snickering as he makes his way back to the bed in yet another giant hoodie only this one says I maybe short but I can still punch you in the dick and his sleep shorts.

"Fuck you short stack. That's twice now you've heard me say shit."

"Again, not my fault you guys really suck at talking quietly."

"You gonna come clean about what the hell Round Face has been saying?"

"Ugh fine. So, at truth or dare she just basically said even if you were Bi I'd never have a chance with you and to stay out of her way while calling me Deku. Then um at training on Monday she went on about me playing dirty just like a villain and useless in a real fight granted I was in the role of one, but I'm not a fucking villain and I'm not fucking useless in a fight I've proven it by getting into Hero class. She also started about how I should give up and that I'm useless and that you needed someone like her by your side all while calling me Deku yet a fucking gain. So when I won I just smarted off about not so being so useless in a real fight and went to leave, but she made sure to remind me that you'll never want me a Deku because guys like me don't get guys like you.. Then um that day in class when she said that about me calling you Kacchan and I smarted off again asking about not being cute enough to call you that she stopped to whisper Plain is all you'll ever be Deku. And to remember what she had said Monday that I'll never get with my precious Kacchan because he's out of my league.. Look I got it handled okay? She hasn't talked to me since then anyways."

Katsuki's palms are smoking and there's a look of pure rage in his eyes as he steadies his breathing while Hitoshi looks like he did the first time Izuku had told him he looked ready to fight the girl and Kaminari was letting off small sparks. Once the explosive blonde feels calm he looks down at his boyfriend.

"I won't touch her, yet, but I swear to fuck Izuku if I hear her call you any of that shit out loud I won't fucking hesitate. I know what Deku fucking means without you even mentioning when you told me that stuff in the vent on Monday. That's what you called before isn't it?"

The shorter just nods as he continues, "That's not okay nerd and her calling you that isn't either. Holy fuck she almost called you that yesterday in front of us didn't she?! That's why you made sure to shut her up with your quirk."

Another nod and Katsuki groans when Kaminari speaks up, "We know you can handle stuff Zu, but if we hear it we won't just not do anything. The others should know too because they wouldn't like the fact she's saying all that."

Katsuki holds his cheeks gently to get him to fucs on him as he speaks, "You are not fucking plain, you're not useless or some fucking Deku, and you are not below me. Fuck that bitch for thinking I would ever want anyone like her by me especially when I got you. You got that, Freckles?"

"Yeah I got that Kacchan."

He pulls the shorter close as they relax and Hitoshi says, "I can't wait for the chaos that I know will happen when you two are out as a couple."

"Hito that's rude. Kacchan has to come out first I won't pressure him."

"Tch that bitch keeps on I'll come out making out with you in the middle of fucking training don't test me."

They break out in quiet giggles returning to their movie. Meanwhile, in Ochako's dorm she's talking with Tsu and Hagakure about her plan to tell Bakugou her feelings and all she has to do is get him alone. If she also tacked on in her mind to make sure that useless Deku saw it happen then nobody else would need to know, but her.

The next morning everyone slowly wakes up in the explosive blonde's dorm and quietly get pictures of the newest couples curled up together. When Hitoshi and Denki wakes up they notice the other two still asleep and take a few photos of their own before getting the others to go down stairs so they don't wake them. Izuku felt warm and very comfortable as he snuggled closer earning a low laugh from the one holding him.

"C'mon Freckles you know you wanna open those eyes for me."

"Hnng. Kacchan s'warm."

He feels a soft kiss on his forehead as he slowly blinks open his eyes and blushes.

"W-why are you staring at me like that?"

"Tch, you're my fucking boyfriend and your cute as fuck when you first wake up so of course I'm fucking staring."

The freckled teen blushes more giggling as the blonde reaches out to caress his cheek softly and leans close kissing him softly when Izuku's phone pings. Pulling away he takes his phone out of his pocket he opens to see a message.

Hito: Yo Zuku dad and pops dropped Eri off with me and Denki in the common room. We get sibling time until after lunch they got shit to do for rat god today

Zuku: yesss sibling time! Ooo she met your bf now oh.. I can’t let her know about Kacchan being mine yet she’ll get to excited 🥺

Hito: Worth it tho now that you two are happy

Zuku: mhm 🥰 just hate hiding shit from her

Hito: she'll understand Zuku. Now you two need to stop being disgustingly cute and get down here.

Zuku: be down in a sec 😋

Putting his phone away he's pulled into a tight hug, "Everything okay Freckles? You looked kinda down for a second."

"I'm okay Kacchan. Hito said our dads brought Eri over for us to watch while they go do something for the Rat God and I'm excited to spend time with her and you, but I can't tell her about us like Hito and Denki or she'll get to excited and scream about it. But it's okay! I'm happy with just our friends and Hito knowing and well probably my dads since I know my brother probably told them and I want you to come out when you're ready. So please don't feel-"

His rambling cut off by lips on his and when he pulls away the blonde is looking at him with an amused smirk.

"Izuku I get it, okay? I'm happy with you and yeah it'll be hard as fuck to not want to hold your hand or fucking kiss the shit out of you when you start rambling or you know not stare at your adorable as fuck freckles when you get flustered. It's gonna work out though because I know I'm going to come out to everyone eventually I just got to let my brain come to terms with the fact those dumbasses I consider friends accepted me and that it's okay. Plus, I got you when I hadn't planned on confessing until I was fucking out."

Izuku smiles nodding as he gives the blonde a quick peck, "I'm glad you weren't quiet so I could find out, ya know? But you're right it's all going to be okay."

The two finally get up and lace their fingers as they walk out to the elevator and let go once they reach the bottom floor leading out to the common room. Eri is giggling Hitoshi trying to beat Denki on the game as they reach the couches they notice most of the group from last night are also piled up watching the two.

"IZU!!!" Eri squeals running to her brother and he bends down to pick her up.

"Hey squirt. Giving Hito a hard time?"

"Nope! He's losing to Denki though its funny!" She leans in whispering loudly as she stares at Katsuki who watches the two while trying to keep a smile off his face.

"Is that Kacchan Izu?"

Izuku turns red as he catches his boyfriend raising an amused brow with a smirk. So, short stack talked about him huh? Something about that just made him feel good as he heard the answering reply.

"Yeah that's Kacchan."

The little girl giggles and crooks a finger for the blonde teen to come closer and he does and she prceeds to lean close whispering a little softer but the group can clearly still hear her as she says.

"Hi Kacchan. Izu talks about you alot he thinks you're cute."

Katsuki grins and makes sure nobody from the class aside from the ones who knew was around as he whispered back stealing a glance at Izuku.

"Yeah? Well, I don't know about me being cute but Izuku definitely is. Just don't tell anyone I said so, got it kiddo?"

"Mhm! Issa secret for us!"

"That's right."

The rest of the group laughs at the exchange while Izuku holds his sister looking at his boyfriend with a light blush on his cheeks and a small smile at how good he was with Eri. Eri eventually gets down tugging the two with her to the coffee table where MoMo had made her drawing supplies and she asks them to draw with her. An hour or so later a few more people start coming in from being for the morning and one just happened to be Ochako she grinned happily making her way to where Katsuki was sitting next to Eri and Izuku drawing.

"Wow Eri you've gotten so good at drawing! I didn't know you could draw though Kacchan?"

"Tch it's none of you fuc- fudging business what I can or can't do Round Face. "

"You can't call him Kacchan Ochacho that's Izu's name for him!" Eri said with a tilt of her head.

Ochako grits her teeth giving the little girl a smile, "It's okay Eri! I'm sure Izuku doesn't mind me using it!"

"Yes he does and I already fuc- fudging told you not to call me that!!"

"Uh Eri are you hungry? I know dad and pops will be back soon, but I have the stuff here to make apple slices with caramel dip."

"Really Izu?! Can we have some with Kacchan, Toshi, and Denki?! Pleaseeee!" The little girl looks at him with puppy dog eyes earning a laugh from the teen.

"I wouldn't have asked if I didn't plan on making it. I'll be back."

Izuku gets up patting her head and blushes when he steals a look to see Katsuki mouth, "Cute." He hurries into the kitchen grabbing enough apples for them. A few moments later someone else walks into the kitchen and when he hears the voice he internally sighs wishing she'd just leave him be like she had been the past two days.

"So, Deku you thought having your sister tell me I can't call Bakugou-kun Kacchan would actually stop me?"

"No. She just knows from both me and Hitoshi I've been the only one to call him that."

"Seriously though I must say I applaud your efforts of trying to be all cute with him. It's pathetic honestly. I mean haven't you got it through that thick head of yours yet, Deku?"

Sighing he turns to look at her, yes, he could use his quirk but he also didn't want to cause himself a headache while trying to spend time with his siblings, friends, and now secret boyfriend. Ochako just rolls her eyes and sneers at him.

"Deku poor useless pathetic Deku. Bakugou-kun is never going to be with you. Face it, someone as plain as you can't possibly hold a candle next to me. Your-"

"Sorry to interrupt, but Ochako?"

The brunette spins around noticing the dual haired boy suddenly behind her staring at her with an icy glare.

"Oh Todoroki! I was just telling-"

She cut off with a slap to her face causing her to recoil and bringing her hand up touching the stinging skin as the teen gets right in front of her all the while Izuku is watching wide eyed.

"If I ever here you talking to my friend like that again I will not hesitate to let one of the those three girls in the common room kick your ass. Do you understand me?"

She lets out a scoff, "Whatever."

The two watches as she leaves before Todoroki turns to look at the shorter boy, "You okay Izuku?"

He nods and looks at his friend, "Thanks, but you didn't have to do that I don't want you getting in trouble."

Todoroki shrugs joining the other helping him finish chopping up the apples and getting the caramel dip as he deadpans.

"As I said last night I am not above slapping a hoe for my friends. She deserved it."

Izuku breaks out in a fit of laughter as they go to join the rest of their friends when Jirou asks, "What the heck happened in there? We saw Ochako take off and she looked pissed and now shorty here is laughing."

In the same deadpan voice as before Todoroki goes to speak and Izuku who is still laughing sets stuff down to cover Eri's ears as the dual haired boy states.

"I slapped a hoe."

Everyone promptly loses their shit breaking into a fit of laughter and Sero gets up to kiss his boyfriend's cheek and Katsuki grins.

"Hate that I missed it, but nice going Half'n'Half."

"As I said I won't watch someone bully my friend."

After everyone calms down Izuku gives Eri her apples and dip while getting a few of his own. An hour later Mic and Aizawa stopped to pic up their youngest child shooting knowing looks at their twins both who ducked their heads snickering over breaking their dad's rule. Once the three left the group decided to just have a lazy day and watch a few movies. Denki and Hitoshi cuddled in one of the chairs while Izuku and Katsuki sat next to each other on the floor when the shorter shivered a bit Sero grinned throwing them a blanket and the blonde smirked fixing it over them so they could hold hands discreetly now that more people were joining them.

Of course that also meant Ochako came back down and sat right by the explosive boy and acted like nothing was wrong with it until she promptly fell asleep on him as he squeezed Izuku's hand tensing up . The shorter gave him a concerned look and looked to see her asleep on him and he rolled his eyes as the last movie ended and Tsu let out a soft.

"Aww Ochako and you look so cute Bakugou-kun."

Hagakure speaks up from beside here with her floating pjs, "You should totally carry her upstairs."

The blonde promptly scoffs, "Hell no I ain't carrying her. Get somebody to grab her sides me and Freckles got a rematch on Mario Kart against Shitty Hair and Eyebags."

"I'll take her. It's no problem." Iida says as he walks over, "Besides I think I'm done for the night."

Before he can even go to grab her the brunette jerks awake, "Hm? Is the movie already over? Oh! Sorry about that Bakugou-kun you're like super warm!" she says with a light blush.

"Tch, fuck off me Round Face me and these extras got a game to play!"

"Can I join?"

Izuku speaks up in a fake sweetened voice as he moves to catch her gaze, "Are you quite sure you wanna do that? I mean you fell asleep so soon during the movie maybe you should sleep Ochako."

She narrows her eyes before making sure to give a sweet smile that didn't reach her eyes, "You know what you're right Izuku. Bakugou-kun I know you're busy but I really want to speak with you sometime."

"Keep fucking wanting thne I got plans tomorrow. Now, get the hell off me so I can set up the game."

Shrugging the girl stands up thanking Iida for the offer to carry her as she promptly leaves along with Tsu and Hagakure. Mostly everyone else leaves the common room aside from the group from the night before and they set up Mario Kart. Izuku sighs softly feeling a slight squeeze of his hand under the blanket and smiles softly. If nothing else he was glad they had each other to deal with the girl's crazy antics.

On Monday Izuku sneaks out of Katsuki's room after giving the blonde a few kisses and a promise to see him downstairs. After he's dressed he grabs his hair tie and bag to head down to the common area where his dad is already waiting for the class.

"Izuku, give your bag to Denki since you and Hitoshi intern with me this semester, you'll both be coming with me on a mission."

"Uh okay? How long will we be gone?"

Before Aizawa can answer the rest of the class is finally making their way down including his boyfriend who gives him a confused look as Denki takes his and Hitoshi's bags giving the freckled teen's bag to Katsuki..

"Well, now that everyone is down here let me start from the beginning. Hitoshi and Izuku are my interns this semester therefore they'll be going with me on a mission and we won't be back until sometime tomorrow evening. That being said Present Mic and Midnight will be taking over for me, and if any of you heathens give them trouble you'll be on house arrest and cleaning the dorms for a week. I'll give you two time to go collect your hero suits meet me at the gates."

Kaminari speaks up before the exhausted teacher can leave, "Can me and Bakubro walk with them?"

"Fine. Just put their bags with your own things for now."

The four-nod waving at the rest of the class before heading to the locker rooms where their hero suits are kept. Once their not in view of anyone Katsuki takes Izuku's hand in his own lacing their fingers together while Hitoshi and Denki do the same walking close. When they reach the locker rooms the two blondes put their boyfriend's bags in with their stuff and then watch as they grab their cases holding their suits. Denki groans.

"This is going to suck! I mean I'm happy for you guys, but now we gotta deal with Ochako and them bugging Bakubro. Not to mention I'm really gonna miss you guys."

Hitoshi sets his case on the bench and moves to pull Denki close kissing him softly before hugging him tight, "We'll be back in a day or so, sunshine. We'll be able to text on our down time so if shit gets to crazy here just message us."

Katsuki moves over to where Izuku is fidgeting with his fingers and tilts his face up, "You okay,Freckles?"

"I-I'm fine Kacchan just nervous. I trust you and our friends, but I just feel like something is gonna happen."

"Everything is going to be okay. You and Eyebags are going to kick ass on this mission with your dad and when you get back we can all pile up for a movie night in my room. I'm gonna miss the fuck out of you, and don't worry about fuckin Round Face our group of idiots know I only got feelings for you. Half'n'Half even slapped her over you don't think I won't blast her."

Izuku nods as the blonde leans down claiming his lips with a soft kiss before pulling him into a tight hug.

"'M'gonna miss you too Kacchan. I'll text when I can."

After the four say their goodbyes the twins head out to go meet with their dad at the gates as the blondes take their own bags and head to class making it just as the bell rings. Mic sensei walks in with a smile and begins teaching sending discreet but knowing smiles two the two boys that are dating his sons. Just as the bell rings for the next class he asks Kaminari and Bakugou to stay behind.

"Everything good sensei?" Kaminari asks with a tilt of his head.

"Everything is fine little listeners. Just wanted to let you two know that you're both welcome to join me and Eri for dinner while the boys are away and to let you know not to worry to much about Aizawa. He may not show it, but he's glad our boys have you two and that you make them happy."

By now both teens are sporting light blushes and Bakugou clears his throat, "Thanks or fucking whatever. Tell the kiddo we'll see her later or something."

"Sounds good listener! Now off you go!"

The rest of school seems to just drag for the two blondes as they stick to just sparring with each other while making sure to stay as far away as possible from Ochako. Their friends try to ask them to hang out after classes are done, but they tell them they were heading over to their boyfriend's house to spend time with Eri before waving them off. The two watch movies and draw with the little girl as Mic makes them all some dinner each of them keep a check on their phones hoping to hear something soon.

"Uh Mic sensei?" Kaminari asks curiously.

"Yeah little listener?"

"Is it always hard when Aizawa sensei goes on missions like this?"

"Hmm. The first time he went on a mission it was similar to the amount of days he'd be gone like this one. So, it was definitely rough I missed him like crazy, but the hardest part was just not getting to talk to him for a while and not knowing if he was okay. Missions where we're apart like this are never easy, but we try to stay in touch and just trust we'll both always come back to each other."

"So it's normal to miss Toshi and wish he'd just message or something already?"

"Of course! This is both of the twins first missions where they'll be gone for more than a day so it's nerve wrecking, but I know they'll do their best to stay safe."

Bakugou was silent as the two talked just staring at his phone as if he could will a message from his freckled face boyfriend. Eri taps his arm getting his attention and she gives him a small smile.

"You miss Izu, huh Kacchan?"

Blushing slightly he ignores the other two watching him as nods telling her,

"Yeah kiddo. I miss your brother a lot."

"I miss him too. I miss Toshi and daddy too. Wanna make a card for Izu with me Kacchan? Denki can make one for Toshi while papa makes one for daddy."

"Sure kiddo, just let me help your papa clean up."

Eri grins giving him a quick hug before running off to the living room to set up more drawing stuff as Bakugou meets the eyes of the other two.

"What?!"

Mic just shakes his head smiling, "You did really good with her. No wonder our Izuku likes you so much."

"Yeah well I.. I really fuckin like him too, okay? I don't know if him, Eyebags, or Sparky here told you or Aizawa but I'm not exactly out to the whole damn class yet. I just told all our friends on Friday, but I told Izuku not even a day after knowing him."

"And your parents?"

"I fucking came out to them and Sparky on the same day as my therapy session. I felt so fucking afraid but I was tired of not having someone to talk to who got it. Then it was Izuku and then a month later this past Friday I told our group of idiots, and uh now you."

"Well, I'm proud of you for coming out on your own terms and I hope you know you can come to me or Aizawa for anything if someone gives you crap for it. I take it that's why I never catch you and Izuku for PDA like I do Kaminari and Hitoshi."

"Sorry you caught us like that again sensei!"

The man chuckles shaking his head, "It's fine honestly I was young once I get it."

Bakugou lets out a sigh, "Yeah I, fuck, I didn't plan on him knowing how I felt until I came out to the class but he heard me admitting it before coming back into the damn room and yeah we fucking kissed and got together. I still hate feeling like I'm fucking hiding him when I don't want to. I fucking planned to confess and shit after I came out to everyone else plus it doesn't help that Round Cheeks won't leave me the fuck alone."

"I know my sons and I know Izuku knows you're not trying to hide him. If anything, he just wants to be a supportive boyfriend and make sure you're happy and he gets that it takes time to come out. So, you take that time and when you're ready you'll have those who already support you around you."

"Thanks or whatever."

The three clean up the dishes and join Eri in drawing still hoping to hear something from the three away on a mission.

Meanwhile, Hitoshi was aggravated ever since they got to the location of their mission it's been non stop fighting. Izuku was separated from him and their dad thanks to a wall collapsing and the most they knew was he was alive when he checked in an hour ago. They'd finally made it to the exit but Izuku was no where to be seen.

"Da- I mean Eraserhead he's not here. We're supposed to meet here before heading out."

"I know Mindjack. Try your com mine got busted by that last villain with his mutant quirk."

"Neuro you there? Neuro??"

A few crackles come in first before Izuku finally speaks, "Hit- Mindjack?"

"Holy shit bro where are you?!"

"L-l-loud. Fuck. I'm in side still. Hurt."

"Mindjack what's he saying."

"He's inside still and he's hurt. Shit he said it's loud he might've over used his quirk!!"

Aizawa holds out his hand as takes the com from his sons shaking hand putting it in his own ear.

"Neuro it's Eraserhead. Listen, how bad is it?"

There's a few beats of silence before the com crackles and Izuku comes through.

"C-can't te-tell hurts. Bleeding from stomach I got em though Eraser. I just need.."

"Need? Neuro? NEURO?!!"

There's no answer and he takes the com out giving it back to Hitoshi who's pale and wide eyed with worry for his twin, "What now? Is he okay?!"

"Call it in. Get back up he's bleeding from his stomach and I think he's blacked out. Listen to me Mindjack call Mic, now!"

Not waiting on his son's replay the underground hero rushes back in for his other son who he hopes isn't severely injured.

Hitoshi calms down and calls in the situation like he was taught followed by explaining where Eraserhead and Neuro are. Once he's done he calls his papa.

"Hitoshi?"

"Izu- Neuro he-he's hurt Erasehead went back in for him. I-I called it in. I'm not supposed to leave my spot til it gets here."

On the other side of the line Hizashi is alone with Eri after sending the other two back just a few minutes ago and he forces himself to stay calm since Eri is asleep.

"You're doing good hun. Listen, You stay right there and wait for the ambulance. As soon as you can you call me back with where to meet the three of you."

"Do I te-tell em?"

"I'll worry about Kaminari and Bakugou. You focus son, and I know you're scared but you are being brave and handling this just like you should."

Sirens can now be heard, "It's okay Hitoshi. Do what we taught you through training then call back."

Meanwhile Katsuki was grabbing a water for him and Denki while Denki talks with Mina and Kirishima at the table. The rest of the class is talking in the common room figuring out what to watch. Katsuki moves to walk over when he feels a tap on his shoulder and when he turns around he feels a pair of arms around him and a pair of lips forced onto his as he shoves away letting off a blast. Causing the person to squeal and he trains his glare at the short brunette blushing as Mina storms over along with Kirishima and Kaminari.

"WHY THE FUCK WOULD YOU KISS ME?!"

The girl giggles, "Oh c'mon Kacchan! You know you like me! Stop playing hard to get!"

"STOP FUCKING CALLING ME THAT!! ONLY FRECKLES CALLS ME THAT NOT YOU! I DON'T FUCKING LIKE YOU!"

"Ugh he's just your friend who cares! Stop lying to yourself and just admit you liked it."

Before he can retort his phone starts ringing and he answers it, "FUCKING HELLO?"

"Bakugou it's Mic. Listen I need you and Kaminari to watch Eri. Izuku got hurt. I'm on my way now."

He feels his heart drop and swallows thickly, "O-Okay. How.. How bad? Can I come? Sparky can handle the kiddo."

"I don't know little listener I'm waiting to hear back, but I need you to stay okay? Eri's upset and she knows Kaminari and you the best because of the boys."

Katsuki doesn't realize he's even tearing up until Denki is shoving Ochako away from trying to touch him and touches his arm to get his attention making him shake his head as he answers their teacher.

"Yeah I'll fu-fuckin stay and help with Eri. Sensei you'll call right?"

"I promise. I'm here now with Eri."

Hanging up he storms past everyone and ignores Ochako calling out for him as he drags Kaminari with him just as the door opens Eri runs straight to Katsuki crying as he squats down to pick her up.

"Shh its okay kiddo. It's okay."

"Iz-Izu got hurt Kacchan." she whimpers against his shoulder quietly and he clears his throat hugging her.

"I know Eri, but he's gonna be fine, okay? Your dad and Hitoshi will make sure of it."

Mina is heard yelling back and forth with Ochako as Kirishima comes to stand next to Katsuki and Kaminari.

"Everything okay Mic Sensei?"

Mic clears his throat using his quirk just enough to speak over the two girls, "SHUT UP!"

Everyone quietens down and he nods before speaking, "Listen up, Bakugou and Kaminari are in charge of Eri. Do NOT bother them. Furthermore your classmate, Izuku, was injured on his mission we're unsure of how sever since he got separated during it. Aizawa, Hitoshi, or me will update when we can. Now, Kaminari can you take Eri for a moment I need to speak with Bakugou."

Eri lets go of the explosive boy sniffling as she goes to Kaminari holding onto him as he hugs her. Bakugou follows Mic outside and once the door is shut the man pulls him close letting the teen cry silently.

"He..He's gotta be okay Sensei Even if he hates me after he's gotta be okay."

The words shock he loud hero as he pulls back, "He won't hate you Bakugou. Why would he?"

The teen explains what happened in full detail just before the call, "I see. Well I will be handling that once I know Izuku is okay. I'll let the other two know so they don't freak out on you. Just breathe little listener and I'll let you know something as soon I know."

Bakugou nods as wipes his face with his hands before heading back in where everyone turns to look at him. Ochako shoves Mina aside to walk over when Kirishima takes the spot directly in front of his friend.

"I was raised to never hit a lady, but you ain't much of a lady if you keep going after someone that don't want you. Back off. He's made it clear he doesn't like you and he's dealing with Izuku being hurt."

Ochako rolls her eyes and scoffs, "Whatever." She goes upstairs not long after that while Katsuki lets out a breath. "Thanks Shitty Hair."

The red headed teen turns and grins with his sharp teeth on show, "No problem bro!"

He nods making his way to the couch Eri and Kaminari are sitting and watching How to Train Your Dragon and takes a seat by the little girl as they wait for any kind of news on Izuku.

Katsuki shifts Eri to lay with her head on Denki's lap as his phone goes off in his pocket.

"You go answer that. I got Eri Kat."

Nodding the explosive makes his way to the kitchen answering the phone.

"Hello?"

"Hey hot-head. My dad and pops are talking with the surgeon. Zuku's being rushed in for surgery, anyways can you, Denks, and Eri come first thing in the morning? Dad said he'd explain everything I uh I'm not really able to right now man."

"I get it Eyebags. He.. He's your brother don't worry about telling me anything else except he's gonna be okay right?"

"Ye-yeah man he's Zuku he wouldn't..He's gonna be okay Katsuki." he sounded so unsure but he was trying to reassure himself and the blonde who could tell he was just as scared as him.

"He's gonna be okay Hitoshi."

"Just come in the morning please? I fucking hate these places when it comes to him."

"We'll fucking be there I swear. Just breathe ok?"

"Okay. Tell.. Tell Denks I'm sorry I haven't called."

"It's fine we understand. We both got Eri fucking covered and we'll see you in the morning."

After they hang up Bakugou makes his way back to his spot and lets out a breath.

"Hitoshi. Izuku's getting rushed into surgery and they want us and Eri there in the morning. He uh he said sorry for not fucking calling."

"He doesn't have to that's his family. I get it."

"I know Sparky. I think he just needed to say anything to not think of his twin in surgery."

The two sigh and turn on another movie before dozing off on the couch with Eri tucked between them. The next morning the two ask Momo to help Eri change so they can get ready to head off to the hospital with her. Momo promises to let their classmates know along with Midnight since she's the one in charge until Aizawa or Mic comes back. The three make their way to the hospital ignoring any messages from the groupchats with both the class and the one with their squad of friends. After showing their school IDs the nurse let's the three head up in the elevator to the floor where Izuku was being kept.

Hizashi meets them outside of the room along with Hitoshi as Eri let's go of Katsuki's hand and takes off throwing herself into her papa's arms and Denki rushes into Hitoshi's arms hugging the teen close as he sniffles crying softly. Katsuki stands watching the four all while his throat feels clogged and he looks at the closed door only for it to open as a doctor and Aizawa walks out. Aizawa reaches out for Eri to come to him hugging her tight before letting her go back to her papa as he turns to his explosive problem child taking in his red rimmed eyes and dark circles that match his and the two other's that had been here all night. The blonde opens his mouth to try and speak but Aizawa just pulls him into a side hug and speaks where they can all hear him.

"They took out the breathing tube just now and he's breathing fine. The injury to his stomach is healed but he needs to take the rest of today easy and he can't use his quirk for at least one more day due to the over use. He'll probably have a migraine on and off for the rest of today so they gave him medicine in his I.V. Since you two watched Eri last night I'll explain why since all three of us were able to watch the security footage and I also had to erase his quirk when I found him. Izuku took out ten villains with his quirk one of which did stab his stomach but he was so focused on not blinking he didn't feel the initial hit until he collapsed. When I found him he'd managed to tie up the ten before collapsing his quirk was still active, I believe, because he thought there was more. He blacked out not long after I got there from the injury and quirk over use."

Katsuki wipes his face as he takes a deep breath "Can.. Can I see him?"

"Go on he should be waking up soon."

Aizawa watches as he moves to open the door and nudges him, "It's okay Bakugou Mic already explained to us about Ochako and I already knew from Izuku why you guys hide you're dating."

Nodding the blonde makes his way into the room letting the door close behind him as he walks to the bed seeing his boyfriend laying there. His wavy purple hair was a mess around his face and he smirked moving it a bit to see those freckles splashes amongst his pale skin as

he cupped one cool pale cheek in his warm hand caressing it softly as he leans down kissing his forehead. When goes to stand back up he sees lavender eyes blinking open and he smiles as he continues to caress his cheek and speaks softly.

"Hey Freckles."

The other teen tears up reaching for his boyfriend immediately getting pulled into a hug as he whimpers, "Ka-Kacchan."

"Shh you're safe. You did so good Freckles. You ggot all ten of em and scared the shit out of us."

"I-I couldn't blink. I tr-tried to but my body felt so heavy."

"It's okay Freckles. Nobody's mad you did what you had to do, okay?"

The shorter nods against his boyfriends chest still hugging him tight.

"I'm going to have a scar."

Katsuki steps back to hold his face gently and leans down to press another kiss to his forehead,

"Means you're a bad ass who survived. Izuku I-"

Before he can continue the others walk in and he steps back from the bed next to the chair so they can all hug him and he notices him wince after a bit and dims the light in his room earning a grateful smile. Hitoshi moves to fix his messy hair in a loose braid, so he doesn't have to worry about tangles while Eri talks about the drawings she made with Katsuki, Denki, and Mic. Aizawa goes over the doctors' orders before pulling his son in for another hug. Denki tells him about the new horror movie they'll all get to watch once he's released later today when Izuku nods smiling before catching the blondes eyes and tilts his head.

"Kacchan are you okay? You're crying again."

The blonde quickly wipes his eyes nodding and moves to sit by his boyfriend taking his hand.

"Izuku I need to tell you something before we go back to the dorms."

"Okay? What's wrong? Did you come out and they hurt you? Because I-"

Hitoshi covers his mouth shaking his head, "No Zuku. It's not about that and before you ask me and dad only know because he told papa right after he dropped Eri off."

Hitoshi removes his hand as Izuku nods and looks back into his boyfriend's crimson eyes and squeezes his hand, "It's okay Kacchan. Just tell me."

"Last night when we went back to the dorms I was getting water for me and Sparky while he was talking to Pinky and Shitty Hair. Everyone else was trying to decide on movies to fucking watch or whatever. I went to turn and go to the table when I felt a tap on my shoulder

so I turned around only to get a fucking kiss forced on me by Ochako who I shoved and blasted as soon as it happened. I even yelled at her asking why she'd do that and she. Fucking she said I should admit to liking her and she called me Kacchan. I told her only you can call me that and I don't fucking like her. I swear to every fucking thing I am I didn't kiss back and I-"

He's interrupted by a small brush of lips he opens his eyes to see his boyfriend blushing followed by a giggle from Eri as Izuku smiles.

"You were getting rambly that's my job Kacchan. I'm not upset with you and I know you don't like her. Did she say anything else?"

"Just that you're just my friend and that I should just admit that I liked the kiss. Which I didn't it was fucking gross as fuck. Then Mic called telling me you got hurt."

"Hmm. She better be glad I'm injured I know you aren't ready to come out, but that doesn't mean I can't kick her ass for forcing a kiss on you."

Aizawa sighs loudly, "No fighting Problem Child. You have to rest your body today plus no quirk use until tomorrow and that's only if you're not having a migraine."

Izuku groans, "Stupid fucking villains. Not my fault they thought I was an easy target and I got em."

Everyone laughs and Mic ruffles the top of his hair, "We're proud, but we're also just glad you're okay Izu."

A few hours later the group is finally heading back to UA in Mic's vehicle. The boys wave bye to the teachers and a sleeping Eri as Katsuki scoops Izuku up in his arms as they head inside the dorms. Their classes were canceled since Midnight got called in for a case so as the four walked in all of their friends and classmates were in the common room playing games or talking. Ochako sends a glare at Izuku who just ignores her as he rests against Katsuki's chest. The girl scoffs to herself and makes her way over along with Kirishima, Mina, and Todoroki the dual haired teen speaks up first.

"Are you okay Izuku? Hanta's asleep but I can get you uh stuff for pain."

The freckled teen giggles wincing a bit from the pain in his healed injury due to the skin being tender.

"Nah I'll be okay Todo."

"Man bro we are so glad you're okay! Bakubro was upset when he got the call."

Before he can reply Ochako pops out her hip, "Yeah Izuku he was really upset! Don't worry though I kissed him better."

Katsuki let's him down gently holding onto him to help him stand as he glares at the brunette, "Funny Ochako. I heard you forced him better. It's called consent."

The brunette rolls her eyes, "Whatever he's just being stubborn. Why do you care so much about the kiss huh? You're nothing but his best friend."

Before he can reply Katsuki lets off a tiny explosion, "Stop fucking calling him that and stop calling me fucking stubborn. I don't fucking like you and I sure as fuck didn't enjoy that kiss!"

"But Kacchan he's literally just your best friend."

"FUCK THIS!"

He turns looking down at his boyfriend who smirks up at him and reaches up tugging him down by his shirt collar whispering, "Gonna kiss me better Kacchan?"

"If you want me to Freckles."

Not waiting another second, the two lean closer as their lips touch in a slow soft kiss earning cheers from the ones around the door and the other's who knew that were seated let out a few cheers as the brunette scoffs.

"Really?! You'd choose this useless Deku over me?!"

And just like that all noise stops and the two pull away from their kiss as Katsuki presses one more kiss to his forehead before glaring with a feral smirk.

"The fuck did you just say about my boyfriend Round Face?"

Previous chapter..

"Really?! You'd choose this useless Deku over me?!"

And just like that all noise stops and the two pull away from their kiss as Katsuki presses one more kiss to his forehead before glaring with a feral smirk.

"The fuck did you just say about my boyfriend Round Face?"

Izuku smirks as the brunette's face flushes and she glares right at him before meeting Katsuki's gaze as she says hotly.

"I said how could you choose this useless Deku over me!! I mean come on Kacchan he couldn't even handle a mission and got injured and over used his quirk! It should've ben a piece of cake for someone like him! You should be with me not-"

A loud smack can be heard throughout the room as Mina's palm connects with her cheek/

"I can't believe I ever rooted for you to be with blasty! He doesn't like you Ochako and the fact you can call Izuku something so horrible makes me not want to be friends with someone as hateful as you!"

"Mina you can't really be taking his side! You know I'm right about him!"

A small explosion is set off at her feet making her jump as Katsuki storms forward glaring at her with that same feral look on his face as he speaks with a calm venom filled voice.

"Let me make this clear to you, you stupid fucking cunt. I. DONT. LIKE. YOU. I'M GAY! I am so fucking gay that I told Izuku only a day after knowing him because all it took was one fucking smile and seeing him be a sassy little shit towards you and I was fucking hooked. He's not fucking useless in fact he took ten of those fucking idiotic villains down alone until he couldn't fucking blink! You know who is useless though? You. All you cared about is trying to force your feelings on me after I told you to back off. You went as far as kissing me which was fucking disgusting. Even if I was Bi I would never and I mean fucking never date someone like you. Get the fuck over yourself and if I ever hear you call my boyfriend useless or Deku again I will be exploding your ass all across this damn campus!!"

By now there were tears threatening to fall from her eyes as the explosive teen glared down at her and she moves to slap him only to have her wrist grabbed by the boy she'd just been calling useless sporting his own feral grin.

"Touch him and I won't fucking hesitate to kick your ass injured or not bitch. I wasn't here to stop that kiss, but I can and will keep you from touching him again."

"Like I'm afraid of you! You're injured and you can't even use your quirk!"

"Oi Ochako!"

"What-"

"Back away and call Aizawa to come to the dorms."

Everyone watches as she does like Hitoshi says and snicker when she hangs up glaring at the teen. He flips her off with a smirk.

"Don't fuck with my brother."

Everyone is still standing around when only a few seconds later Aizawa storms in and looks from his boys to the rest of the class.

"First off Bakugou please get Izuku to the couch he shouldn't be up."

The blonde does as he's told only to have the freckled teen to cuddle into his side once their seated on the smaller couch as everyone else moves to join them finding places to sit while Ochako glares at the two standing off to the side. Aizawa sighs asking.

"Now what the hell happened here? "

Ochako goes to open her mouth, but Sero having been woke up from all the noise slaps tape over her mouth with a heated look causing the rest to try to hold back any laughter. Katsuki clears his throat and tells him everything that went down from the moment they walked into the dorms including what he had said to the anti-gravity girl and how she went as far as trying to hit him, but Izuku had moved to grab her. Once he's finished Aizawa is furious as he shoots a cold look to the girl before looking to his son and asks,

"Izuku is the first time she's called you these things?"

"No.. No it's not the first time."

"I see. I want to know everything now."

Sighing softly Izuku nods and Katsuki squeezes his hand gently letting him know that it would all be okay. He tells him about everything from the night at truth or dare, the ay in training, his desk, and every moment after. He even admits that he never said anything because he thought she'd let it go once Katsuki had told her he wasn't interested only for things to get worse. Katsuki mentions how he tried to make it known he felt uncomfortable with her constantly bothering him and that Izuku had told him about the bullying, but had asked him not to do anything unless necessary. Aizawa nods at them once their done speaking and turns using his capture weapon on Ochako.

"We will be having a meeting with Nezu about everything and see what we should do with you now. The rest of you enjoy the day off because we will be resuming training tomorrow, but Izuku you will take it easy. Understood?"

The whole class replies "Understood." and watch as their teacher takes Ochako and walks out of the dorm. Kaminari breaks the silence

"It was in this moment that she knew. She fucked up."

Everyone breaks out in peels of laughter over the boys choice of words. Once everyone calmed down they decided to relax and watch a few movies. Izuku was dozing on and off

against Katsuki's side with the blonde holding him close and he smiles when he feels a kiss on his forehead just as sleep claims him.

Izuku wakes up to being laid down on his bed and reaches out grasping the wrist he knows belongs to his boyfriend saying softly, "Kacchan?"

"Yeah Freckles?"

"Stay? Please?"

He hears a soft chuckle then feels his bed dip as the blonde moves to lay behind him pulling him close placing a soft kiss on the back of his neck.

"Time is it?"

"A little after four. Your brother and Sparky will bring dinner later. You should rest baby."

Izuku blushes at the pet name as he move to turn and lay face to face with the blonde cuddling closer. Katsuki runs his hand up and down his back as they just lay there looking at one another when the freckled teen moves his face closer he meets him as they press their lips together for a soft kiss pulling back chuckling when he hides his face against his chest.

"Sleep Freckles. I'll be right here."

"M'kay Kacchan."

They both end up falling back asleep. Tomorrow they'd all find out what happened with Ochako, but for now the two were just happy to be with each other and the best part was no more hiding. Katsuki thought briefly at least now he could kiss his short stack anytime he wanted and hold him without a care of what anyone had to say about it.

Izuku wakes up warm and burrows closer when he feels a hand run through his curly waves followed by a kiss on his temple.

"Freckles you gotta wake up. Your dad just popped in an hour ago and Nezu needs to talk to you about some shit."

Letting out a groan he blinks open his big lavender eyes to peek up at the blonde who was already looking at him with crimson eyes and a small soft smile leaning close to kiss him softly.

"I don't want to move. You're so warm."

"To fuckin bad short stack. I ain't about to fight that rat when he can expel us plus we got school today."

"Fiiine. Ugh I don't even get to train today this blows."

Katsuki chuckles before rolling over on top of him making him blush bright red before leaning down to press light kisses along his freckles before finally kissing him softly. When he pulls back Izuku's phone starts ringing and he giggles as the blonde groans getting up to hand it to him and start getting ready.

"Hello?"

"Zuku dad said meet him in Nezu's office before class."

"Alrighty Toshi. Me and Kacchan will be down in a few."

"Remember to take it easy Zuku. Dad will kick all of our asses if you over do it."

"Yeah, yeah I know."

Katsuki calls out from the bathroom, "Oi don't worry Eyebags I'll make him get on my back!"

"Good idea hot head."

Izuku rolls his eyes looking at he blonde as he hangs up the phone making his way to the door, "I'm gonna go change."

"Alright, but I meant what I said you're getting on my back."

"Does that mean you're taking me to the office Kacchan?"

"Yup. Can't have you hurting yourself Freckles."

He just shakes his head leaving the room to go change into his uniform giggling when the blonde knocks before coming in to grab his bag and helping him onto his back. They meet up with most of the class along with Hitoshi and Denki to eat a quick breakfast before the blonde carries him to Nezu's office.

"See you in class."

"Mhm. Hopefully this doesn't take long."

After giving him a kiss on the cheek he goes in to see his dad, Nezu, and Ochako. Izuku looks from his dad to Nezu with a tilt of his head asking, "Um you needed to see me Mister Nezu?"

"Yes! You see Izuku, your dad, informed me yesterday of all the things that Ochako has been doing recently including what she did yesterday. I had planned on expelling her completely, but the Hero Commission seem to think she can still make an excellent hero. So I would like your input on her punishment."

Nodding Izuku looks from the principle to his dad then to Ochako who has yet to meet his gaze. Letting out a breath he shakes his head looking back at Nezu.

"I do agree she'd still make an amazing hero, but I believe she needs more help with learning boundaries and understanding when she should let things go. I say we make her have therapy sessions with Hound Dog and make her redo this whole semester during the break before Christmas."

Aizawa clears his throat to speak up, "I'd personally like to add she be put in class 1-B for the rest of this year and that Midnight also give her classes on consent and harassment. No internships or work studies until she completes said classes along with the work from this first semester."

Nezu nods, "I believe all of that will be sufficient. I will also be adding to the therapy with Hound Dog on how we shouldn't bully or be quirkist amongst civilians or other heroes. Miss Ochako, you will do all of this and write an apology to both Mister Bakugou & Izuku in order to graduate amongst your peers. Do you understand?"

The brunette teen nods speaking softly, "I understand sir."

"Good. You may go pack your things and move to the 1-B dorms as I have already made Vlad aware of the change and he's waiting for you. I expect you to have those letters on my desk by the end of Christmas break so I can approve them. All of you may go now."

Ochako nods leaving without a glance back as Aizawa uses his capture scarf to carry a still injured Izuku to their classroom. Aizawa stops in front of the door where they hear all the class talking inside and he sighs.

"I'll let them know what's happened with Ochako. Remember I want you to take it easy during training later, got it Problem Child?"

"Yeah I got it dad."

They finally go inside, and he let's Izuku down to walk the few feet to his desk hiding his small smile behind his capture weapon when Bakugou helps him sit before ruffling his curly waves as he sits back in front of him. Clearing his throat he begins the announcement of Ochako being removed from 1-A along with her entire punishment including the input from Izuku and Bakugou just shrugged saying,

"As long as she fucking learns her lesson and focuses on being a better fucking human I think she can still be a damn hero. I just doubt I'll ever be her friend again after all the bullshit this semester."

Classes carry on as normal for the rest of the day and when training rolls around Izuku goes straight outside in his uniform and sits on the grass watching as everyone else comes out when he feels someone taking a seat by him and looks over to see Kaminari sitting by him.

"Heya bro!"

"Hey Kami. Why aren't you training?"

"Well without you its an odd number so I wanted to come chill with you while we watch the rest of em train."

"Kami you didn't have to do that!"

"It's all good Zu! Plus me and Hito are taking turns training with Bakubro."

"Ah makes sense."

The two laugh watching as their boyfriends walk out before the rest of the boys finding a space not far from them and begin training. Just like Kaminari had said thirty minutes later Hitoshi was taking his spot as Kaminari went out next then with the last thirty minutes Bakugou came to sit with him as the other two sparred letting Izuku rest against him.

"I can't wait to be able to train with you guys tomorrow."

"I know, but at least you're almost healed Freckles."

Across the way Hitoshi let's Denki get close before pinning him and getting a win as he leans down kissing his now blushing boyfriend.

"Nice job today sunshine."

"Toshiii don't tease me!"

Chuckling he stands while helping Denki up and looks across the field to see his twin blushing with a small smile as Bakugou presses a kiss to his temple.

"Hot head really makes Zuku happy."

"Yeah, and Kats is alot happier and more relaxed with Zu around. They're really good for one another."

"Mhm. Still hate how they had to come out the way they did because of the fucking cunt Ochako."

Jirou scares them both as she speaks up, "Definitely have to agree. Me and Momo was speaking to everyone and sense Bakugou came out due to her shit we want to do something nice for him and for his relationship with Izuku. Got any ideas?"

The two share a grin, "We know just the thing."

A few hours later, thanks to Aizawa telling them that Eri wanted to spend time with the two, Katsuki and Izuku make their way back to the dorms. As they get inside all the lights turn on followed by everyone yelling

"SURPRISE!!!"

A banner is up saying, "We support you Bakugou! Congrats on landing your own Rin!"

Beside it is a photo of them kissing with Izuku dressed in his Rin cosplay. Izuku blushes hiding his face against Katsuki's chest feeling him grumble about all these stupid fucking extras, but thanks or whatever. As they get fully inside, they see that Sato has made a cake in the shape of an explosion colored in rainbow. Hitoshi and Kaminari grin as they set up Blue Exorcist for all of them to watch as they enjoy the cake along with some Mario Kart after. They were happy for the two boys being out about their relationship and that Bakugou came

out even if it was in a way that was messy, but they were also glad they could do something like this to make it better.

As everyone settles in to watch their favorite anime Izuku snuggles close to Katsuki's side while Hitoshi and Denki take the empty spot at the other end of their couch smiling as Denki does practically the same against Hitoshi. The best part was that while they only had a few more months left before graduation both twins were more than grateful to not only be in the hero course, but to have met two loud blondes that, much like their pop's did for their dad, has changed their lives for the better and they couldn't wait to see what comes next for them.

One year later…

A year out of UA the four got offered jobs with Hawks and Dabi in their new joint agency right after graduation. With it being brand new Hawks made sure to train the four along with Dabi so they could start out strong in the field. They'd just had the latest rankings with Izuku at 6, Katsuki at 7, Hitoshi at 8, & Denki at 10. They were the first of their class to hit the top ten in a year from all the work they'd been doing.

Ochako had officially apologized to both Izuku and Katsuki. While the three have moved on from UA the anti gravity hero was now in a long standing relationship with Iida and working with him at his brother's agency. Izuku knew she could be an amazing hero, but that didn't mean he would ever consider her a friend and neither would Katsuki.

As for the Bakusquad they all were still close by and tended to take times for hangouts in each couples own place. Hitoshi, Izuku, Denki, and Katsuki had just found their own places in the same apartment building the twins each lived with their respective loud blonde and couldn't be happier.

Hitoshi and Izuku laugh as they run into the agency followed by two blondes running after them. The two had just pranked Endeavor in honor of Todoroki and Sero's engagement announcement. The man had been outraged over his son getting engaged to the boy he'd been

with since UA so the twins decided to pay the flame users agency to rig glitter bombs and slime to go off as soon as he entered.

They even videoed it all and shared it all over the web before sneaking out through the vents without ever being seen. Sadly though their blonde boyfriends were called in to find the two hence the reason they was running through their own agency.

“Damnit Freckles, get back here!!” Katsuki yelled as he started catching up to his boyfriend running and giggling.

“Gonna have to be faster then that Kacchan!!”

“Toshi c’mon! You know you can’t run from me forever!” Denki calls out as he tries to catch up.

“Hmm. I bet I can!” The taller cackles as he and his twin jump up into a vent.

“Shit. Now what Kats?”

The explosive hero grins “Now we go to where we know they’ll exit.”

Both blondes take off to the locker room entering just as both twins pop down. Screaming out

“FUCK!”

Before they can move their boyfriends grab hold of them with Katsuki tossing Izuku over his shoulder as Denki drags Hitoshi along. The four head straight to Hawks and Dani’s office where the two are cackling over the prank in Endeavor’s office.

“I knew we picked the chaos twins for a reason! Great job boys.” Hawks says laughing.

Dabi is wheezing as he tries to talk, “Holy shit the old man is covered! I bet Shoto is happy with his engagement prank.”

Both twins grin nodding as they stand by their boyfriends. That’s one thing that has never changed the twins still reigned chaos everywhere and always made their friends laugh with their pranks amongst their peers.

“Oi is our jobs done for the fuckin day or what birdbrain?” Katsuki asked as he pulled his boyfriend closer.

“Yup! All done for the day. Don’t forget you four are on night patrols this week.”

They nodded and headed back to the locker rooms to change before heading home. Life was pretty great and they wouldn’t change a thing except maybe a certain explosive hero would

change a certain freckled hero's last name and Hitoshi was thinking the same about a certain loud blonde holding his hand as they all headed home.
